FLIES ARE DOING WELL

This summer just because a great many people think it's economy to let their horses go without nets. That's a mistake.

TREAT YOUR HORSE LIKE A MAN!

He'll do better work, be less nervous and require less feed when protected from insects. It's near the end of the season just when flies bite hardest and stick tightest. Nets are cheapest now—not at cost, but with mighty small profit—some at 50 cents, some at \$5, and all prices between.

Adron Comley, a hop picker over in Merrill's yard, was arrested Wednesday charged with the larceny of two wash tubs, a washing machine, wash board and clothes line, property of Mr. and Mrs. Geo. E. None of the stolen property was found in possession of the defendant and it could not be proven that he was connected with the theft.

B. F. Ramp and family, of Albany, visited in this city Sunday with Mr. and Mrs. J. D. Irvine. Since Mr. J. P. Irvine sold his grocery business in this city Clarence Irvine has rolled up his sleeves and gone to hard work. Clarence isn't mauling rails, digging potatoes or picking hops, but he is doing real hard work just the same. He has turned collector and is presenting his many erstwhile customers little slips of paper with the magical words "please remit" inscribed thereon.

We learn from the McMinnville papers that Mr. J. P. Irvine contemplated enlarging his grocery business. If thorough knowledge of the business, coupled with good business capacity, energy and determination to win, is a criterion of success Mr. Irvine is certain to be the leading grocer of Yamhill county. Some men cannot be suppressed, others never succeed, J. P. Irvine belongs to the former class.

Joseph Martin, whose death is mentioned by our Rieckreall correspondent as having occurred last Tuesday evening, was an old resident of this county, he having located in the Rieckreall neighborhood some twenty-five years ago. Mr. Martin was about 60 years of age and unmarried, of sober, industrious habits and good character. He accumulated considerable property and owned a fine farm on the Dallas and Monmouth road near Charles Collidge's place. Mr. Martin and Mr. Coollidge were associated together in business for a number of years. We knew honest Joe Martin when he was an employe on Col. Nesmith's farm early in the '70's, and have frequently heard that grand old Commoner speak of him as an honest, industrious, straight forward man. We do not know whether Mr. Martin has any relatives in this county or not. An honest man has gone to his rest.

The news reaches us that Mr. Joseph Martin, a well-to-do farmer near Rieckreall, who has made his home with Mr. Charles Coollidge for the last twenty years, is seriously afflicted with some kind of nervous trouble which threatens to affect his mind. We trust, however, the trouble is only temporary and that Mr. Martin will soon recover.

Bill White, of Whiteson, brings in ears of corn fourteen inches long, and H. Shartzer swears he has ten acres of it that stands thirty feet high and six ears to the stalk. And it isn't a very good corn section either—Valley Transcript. (That's nothing, Jim Smith, of American Bottom, has raising ears that measure 17 inches, and Sam Toole says that when you stand between the rows in his 10-acre patch the tassels hide the sun.)

Judge Wm. Galloway, one of Yamhill county's most distinguished citizens, visited this city Wednesday in the interest of the state fair association. Mr. Galloway came up to consult with members of the Hop Grower's Association in regard to Polk county making an exhibit of its hop product at the state fair. He informed us that he met with good encouragement and will expect a fine exhibit from this section. The judge is a thorough Oregonian and feels genuine pride in the agricultural developments of Polk county, and during the conversation he spoke of the thrift and enterprise of this city, which, he said, was one of the most progressive towns in the valley. Of course, Judge Galloway loves old Yamhill none the less because there is a warm place in his heart for the beautiful county on its southern border.

Yesterday and last night's rain caused considerable uneasiness among the hop growers of this vicinity, but the indications today promise of better weather. We have not heard any serious damage to the hop crop so far.

WHAT CONSTITUTES A STANDARD?—The term "standard" if rightly applied means much in the way of denoting universal and long continued popularity. That which is established by authority becomes standard, and to no publication can this be so correctly applied as to WEBSTER'S INTERNATIONAL DICTIONARY. The publishers of this great work have kept pace with the increasing vocabulary of the English language until their latest edition of the great lexicographer's work is as near perfection as such a book can be. The first edition of Noah Webster's dictionary was published in 1828, nearly seventy years ago, and since that time, owing to successive and always "up to date" improvements, it has kept in the front rank of reference books. Other alleged dictionaries have risen and fallen, but WEBSTER'S INTERNATIONAL DICTIONARY is the standard now where ever the English language is spoken. Typographically it is clear and distinct, and as a guide to a better and more complete knowledge of the universal tongue it is absolutely without comparison. Its voluminous appendix has been carefully revised and its illustrated accompaniments are invaluable. The latest edition contains many thousand new words which custom or popular usage has made a part of the language. It has been truthfully said that with the Bible, Webster's Dictionary, and a copy of the Constitution a reading man is fully equipped for battle with any of the social, religious, or business problems of everyday life.

Judge Hartwell Hurley Dead.

Judge Hartwell Hurley, of department No. 2 state circuit court, died at his residence in Portland at 12 o'clock Sunday noon. His death was not unexpected. For several weeks his condition has been critical. Judge Hurley's death resulted from typhoid fever, which finally developed into disease of the left lung. He was confined to his bed since the latter part of July. The deceased was a man of high character and eminent legal ability. He was a brother of the late Mayor Hurley of this city, and it is a notable coincidence that only one week intervened between the death of the two brothers who were intimately associated together all through life. Judge Hurley was a resident of Lafayette for a number of years and served one term as county judge of Yamhill county. He leaves a wife and six children.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address:
