Ever shipped to the west. All shapes and sizes. Special inducements to students. His work is equal to the best. *Monmouth St., Independence, Or.*

From Several Correspondents.

MONMOUTH ITEMS.

N. A. Emmett and wife, of Falls City, spent Sunday in town.

Mr. E. H. Stone, of Albany, was in town last week on business.

Mrs. Reuben Simpson went to Oregon City Monday to visit her son.

A. N. Poole has made some improvements in the looks of things around his place by adding some paint.

Mrs. Howard Bush, of Kings Valley, spent Monday night with the family of A. N. Halleck, returning home Tuesday.

Mr. L. Bourland, of Los Angeles, California, was in town last week. He likes the Willamette valley and he thinks he may locate here.

T. H. Halleck and A. N. Poole have finished work on the Independence mill and are now building an addition to Mr. Thayer's house north of town.

Dee Simpson has gone to Oregon City to work in the Willamette pulp mills. He has a good job and in the fall will return home, as he has been re-elected to teach in the Independence school.

Rev. T. T. Vincent, of Kings Valley, formerly pastor of the United Evangelical church here, called on A. N. Halleck and other friends here last week. He has been elected to the office of recorder of Benton county.

Last week Mrs. W. L. Bristow received an invitation to the wedding of her brother, Thomas Handsaker, formerly of the Normal, but now of Farlain, Iowa. He is to be married June 19th to Mrs. Viola Hornady, of New Sharem, Iowa. Mr. Handsaker is pastor of a congregation where he lives.

The postmaster showed us a gentleman's linen cuff the other day which had been in 23 post-offices. It had been to Manila and

Foley's Honey and Tar
for children, safe, sure. No opiates.

other foreign shores. It was marked "Pass-me-on," and still it goes on. There are no stamps on it. It is simply passed from one office to another, and there is no telling where it will stop.

Mr. J. H. Mulkey has made one of the finest grades we have ever seen on the road from the foot of the hill below Ira Smith's place to the motor track, and will gravel the same as soon as he can secure the gravel. Mr. Mulkey knows how to grade roads. It is what is called the high grade. The water will not stand on it and the gravel will be in the center. His grades all stand wherever he has made one.

NEW USE FOR ELECTRICITY

Salem Statesman.

Electricity, long used in the laboratory for experimental purposes only, is fast coming before the public as an agent of great value in the arts and in the affairs of everyday life. By electricity power to drive machinery can be utilized at the distance of miles from its source, and by electricity—thanks to Mr. Edison's recent discoveries—our streets and houses are lighted more brilliantly than by gas. While all these results are evident to the public at large, there is still another field in which the use of electricity is rapidly working a profound reformation—the field of medical science. The following remarkable cures, performed by Dr. Darrin, show the new uses for electricity:

Catarrh, Bronchitis and Consumption Cured.

Mr. Editor: I will lend my name to the long list of cures performed by Dr. Darrin. Fifteen years ago catarrhal and bronchitis troubles commenced to annoy me, and seven years later a complicated lung trouble showed itself. All efforts to cure were fruitless, until coming under Dr. Darrin's electrical treatment eight years ago. I am happy to say I am cured. I attribute my long-continued good health to the healing in-

fluence of electricity, which restored me to a permanent sound condition. I am news agent on the Southern Pacific R. R., and will gladly answer questions at my home in Mount Tabor, Oregon.
J. A. LINDSLEY.

Following Letter Speaks Volumes for Dr. Darrin's Mode of Treatment.

Dr. Darrin, Dear Sir: It is with great pleasure and a thankful heart I wish to inform you that I am cured of salt rheum, which I have suffered with for 25 years, at times so bad that my hands would crack to the bones, and my body was also affected. I have no words that can express my thankfulness to you. Mrs. E. Sherretts, of Vancouver, Washington, has known my condition and can be referred to. Refer any one to me at Gardner, Or.

Very respectfully yours,
MRS. MARTHA DAILY.

\$1000 Squandered.

Mr. Editor: I feel it my duty to say that Dr. Darrin cured by wife years ago. She had been affected for 20 years with kidney complaint, diabetes and pain in the back. Many physicians had given her up, after having paid out over \$1000 for her treatment. We only saw Dr. Darrin one time. He gave her remedies and advice, and from that day to this her symptoms have never re-appeared, and I am so pleased with his treatment that I have placed her under his care for deafness. I live near Medford, Oregon.
C. MORRIS.

Dr. Darrin's Place of Business.

Dr. Darrin gives free consultation at the Willamette Hotel, Salem, until July 6th, from 10 to 5 and from 7 to 8 daily. All curable chronic, acute and private diseases confidentially and successfully treated. Circulars and question blanks sent free to any address, and correspondence solicited. Most cases can receive home treatment after one visit to the doctor's office. Batteries and belts furnished with full directions for use. Cross eye, rupture, tumors, varicocele, hydrocele, seminal weakness and stricture cured. Diseases of women an important specialty, quickly relieved. The poor treated free.

JEWELRY DIAMONDS

THE RAKET STOR.

excepting medicine, from 10 to 31 daily. Eyes tested and glasses fitted.

Dr. Darrin's terms for treatment are now \$5 a week, or in that proportion of time, as the case may require, except in special cases. The poor treated free, except medicine.

Reduced Rates via Southern Pacific Co.

The Southern Pacific will make special rates to San Francisco on the occasion of the convention of the Nobles of the Mystic Shrine at that point in June.

Tickets will be on sale from June 3rd to 8th inclusive; and will be available for stopovers in California full information relative to rates, limits and other conditions will be cheerfully supplied by all local agents of the Southern Pacific.

DALLAS.

Abel Uglow, a well-known resident of this city is erecting a fine brick structure. It is already nearing completion and will be an ornament to the city.

Dallas college is to lose one of its most popular instructors—Prof.

George Countryman, of the department of Greek and Latin. He goes to Iowa, where he has a similar position.

The 4-year-old son of Mr. Damoshosky, living four miles north of Dallas, was seriously injured last evening by being kicked in the stomach by a horse. The doctors think his recovery is probable.

George Steele, the well-known traveling man for machinery, long a resident of this county, was in our midst last week.

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. A. S. Locke.

Marlin

.32 Cal. High-Pressure Smokeless
IN MODEL 1893

WE are prepared to furnish our full line of Model 1893 rifles, solid and take-down for the new .32 Caliber HIGH-PRESSURE SMOKELESS cartridge. This size uses a 165-grain bullet and has a velocity of over 2,000 feet per second, making it the most powerful cartridge made for an American arm, with the exception of the .30-40 U. S. Army. It is sufficiently deadly for any game known in North America.

Another great advantage is that the barrels are bored and rifled (but not chambered) exactly the same as the regular .32-40 Marlin, one turn in 16 inches. This makes the use of black powder and lead bullets satisfactory and convenient as in a regular black powder rifle.

This size is the first high-pressure arm developed in this country for a caliber larger than .30, and the first to use a slow enough twist to give best results with black powder ammunition.

Prices same as .30-30 MARLIN. 128-page catalog of rifles, shotguns, ammunition, etc., cover 9 colors, mailed for three stamp.
