THREE GUARDS KILLED.

Outbreak at State Penitentiary—Two Convicts Escape.

TRACEY AND MERRILL ESCAPED.

A Life Convict by the name of Ingram Heroically Strives to Protect the Guards.

A thunderbolt from a clear sky would have produced no greater consternation in our midst than the telephone message received early Monday morning that a successful outbreak of convicts had occurred in Salem and that three brave guards had met death and an equally brave "lifer" had almost given his life in the effort to protect a guard.

The plan of escape shows connivance if not assistance from outside sources in more than one way. Guns were smuggled in and as the convicts were marched into the foundry to go to work, one guard had reported to another the proper number and received the "All right," when a sharp report rang out and Frank B. Ferrell, one of the best known guards, fell dead.

Twenty men, armed with rifles, marched to King's cabin, where they had beat over the ground last evening. With the scent but an hour and a half old it was believed that the bloodhounds would be able to pick up the trail and quickly run down the convicts.

The hounds began to work rapidly and soon found and followed the tracks of their quarry. With long, deep bays, they went

They then headed northward, reaching Gervais, where the little city is all in an uproar. Messages received last night state that August King came to Gervais from his cabin one mile east of town, saying that Merrill and Tracey appeared at his place Wednesday morning at 4 o'clock and demanded breakfast. The posse was about to renew the man hunt, and no time was lost in getting to the scene where the murderers had been seen.

When the convicts appeared Wednesday morning they poked the door open and walked in each holding a rifle ready for action.

"Well you know who we are now, don't you?" said the convicts.

"Yes," answered King. "And let me advise you to get out of here as the officers are after you."

"Give us breakfast, a hat, knife and pants," was the next command.

King obeyed. He passed over a pocket knife, overalls, oil hat and gave them a loaf of bread. The convicts stood throughout the interview and one of them was somewhat lame. As soon as King considered it safe to leave he went to town and informed the posse.

Twenty men, armed with rifles, marched to King's cabin, where they had beat over the ground last evening. With the scent but an hour and a half old it was believed that the bloodhounds would be able to pick up the trail and quickly run down the convicts.

The hounds began to work rapidly and soon found and followed the tracks of their quarry. With long, deep bays, they went

down the graveyard road from King's shack, with the posse following at a respectful distance.

The bandits are now located in the timber in the vicinity of King's cabin. The hounds have traced them into the brush and there is no doubt that the criminals are somewhere in the woods within an area of about 100 acres. Sheriff Durbin has telegraphed to Salem and Woodburn for reinforcements. The first installment of help came with the early Wednesday morning train from Salem when Walter Lyons, private secretary to the governor, and ex-captain of the militia at the capital, arrived with 15 young men, fully equipped with weapons.

Companies D and F, Oregon National Guard, are on the way to the scene.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

THE PRISONER

Who escapes from jail is by no means free. He is under the ban of the law and punishment is written over against his name. Soon or late he will be caught again and bear added punishment for his short escape from his cell.

Those who by the use of palliative powders and tablets escape for a time from the sufferings of dyspepsia are in the same condition as the escaped prisoner. Soon or late they will go back to the old condition and pay an added penalty for temporary release.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and organs of digestion and nutrition. Its cures are lasting.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. Could not sleep or follow my occupation (tinsmith). Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver.
