The new county officers will be sworn in next Monday.

Tomorrow will be the glorious Fourth of July. Let the eagle scream.

Boats will run to Salem tomorrow and a large crowd from here will doubtless help the Salemites to celebrate.

Don't fail to read the article about Polk county mohair on first page. The information it contains should be worth thousands of dollars to the farmers of the Willamette Valley.

**NOW**

That the stock, in our several lines, is full and our store crowded on every floor, we feel that it is time to tell the people of Independence and vicinity of a few of the things which we are offering at very close prices. If you are needing anything in the line of

**FURNITURE**

You will likely find what you want at our store. We have a good assortment of *Child's Cribs*, both in wood and iron.

Our line of **Iron Bedsteads**

Is not surpassed by those of any

store in the valley. Nearly everybody nowadays buys Iron Bedsteads in preference to the older and more objectionable wooden ones. You should consider their advantages before buying.

You can bank your money on our

**Dining Tables**

Being good values. They are the finest make and finish we ever had. The style is up with tables of higher cost made by other factories. They are made 6, 8, 10 and 12 feet in length. We have them as low in price as **\$4.50.**

Some people do not know that they

can get a **Lounge** made to order at our store, which will out last several common lounges and not cost any more. We make all of our upholstered work and by so doing put dollars into the pockets of every purchaser. Why? Because we make each piece upon honor. We try to see how good, not how cheap and poor, we can do our

work. Box couches for cosy corners and bed rooms are quite popular at the present time, and quite a lot of our time is occupied with special orders of this kind. We have them as low as \$4.

If you are thinking of furnishing an office we would like to show you our office desks and revolving chairs. A full line of different sizes of roll and flat top desks in quarter-sawed oak.

We have Artificial Palms for decorative use. Why bother with live plants when you can have artificial ones with so much less trouble. From 60c to \$2.50 each
