MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

142 Market Street, Memphis, Tenn., April 14, 1901.
In February, 1901, I took one bottle of Wine of Cardui and one package of Theodor's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again.

Marlin

.32 Cal. High-Pressure Smokeless
IN MODEL 1893

WE are prepared to furnish our full line of Model '93 rifles, solid and take-down, for the new .32 Caliber HIGH PRESSURE SMOKELESS cartridge. This size uses a 165-grain bullet and has a velocity of over 2,000 feet per second, making it the most powerful cartridge made for an American arm, with the exception of the .30-40 U. S. Army. It is sufficiently deadly for any game known in North America.

Another great advantage is that the barrels are bored and rifled (but not chambered) exactly the same as the regular .32-40 Marlin, one turn in 16 inches. This makes the use of black powder and lead bullets as satisfactory and convenient as in a regular black powder rifle.

This size is the first high-pressure arm developed in this country for a caliber larger than .30, and the first to use a slow enough twist to give best results with black powder ammunition.

Prices same as .30-30 MARLIN. 120-page catalog of rifles, shotguns, ammunition, etc., cover in 9 colors, mailed for three stamps.
