VARICOCELE TREATMENT.

So many people, old and young, are affected with varicocele that a means of having it cured was something long sought for, and surgical science has been at fault until very recently. Dr. Darrin, at Willamette Hotel, Salem, is now able to accomplish it, absolutely without pain or detention from business, so the cure is permanent and lasting. As a proof of this assertion we refer, by permission, to Mr. A. J. Armstrong, cutter and chief assistant of "Nicoll, the Tailor," at 80 Third street, Portland. Read his card.

To Whom It May Concern.

Without solicitation I volunteer my testimonial in favor of Dr. Darrin, who cured me of an aggravated case of varicocele of many years' standing. Had despaired of cure until eight years ago I tried Dr. Darrin's new method, and was permanently cured, and have had no return of the trouble. I most emphatically recommend Dr. Darrin as a skillful physician and straightforward man in business. Will gladly confer with anyone, either in person or by letter, at 80 Third street, where I have been employed for years.

Mount Hood View.

Allen Johnson, of Parker, has bought 80 acres of unimproved land adjoining the tract bought by D. M. Calbreath. He will build on it some time in the near future.

John Powell, who recently sold his farm, will start for the Palouse country in about two weeks. Mr. Powell and family have lived here for thirteen years and will be missed by their many friends.

Mr. Denny, of Monmouth, is hauling wood to that place for Mr. Powell.

John H. Powell's sale, which took place on the first day of July, was fairly well attended, and while some things sold very cheap others brought a very good price. The cattle and hogs sold well.

D. M. Calbreath has bought of J. A. Mills a fine driving horse.

A horse buyer from Tillamook City was through here last week and made some purchases at good prices.

The recent rain, while damaging a large amount of clover hay, has been of great benefit to the gardens, young clover and the spring grain, which promises to be a good crop.

Dr. Brown, of Independence, and Mr. and Miss Johnson, of Parker, and Miss Emma Magford, of Monmouth, visited friends here last week.

Apples and pears will be a fairly good crop in this section.

B. F. Mulkey took the cars for Ashland Monday.
