What Beecher Said.

This Eminent Divine Upholds the Advertising Doctor Whose Work Becomes Known.

Salem Statesman. That most eminent divine, the late Rev. Henry Ward Beecher, publicly advocated the advertising doctor, as he once stated in the following words:

"I am glad that the doctor cured him. I am glad that the doctor put it into the paper that he could cure him. And if any doctor is certain he can cure such diseases and don't put it into the paper, I am sorry. What a pity it would have been had this doctor come to town with his wealth of science and experience, and gone away leaving him uncured! What a pity it would have been if he had been so prejudiced against advertising as to read the responsible certificates of the doctor and gave him the go-by as a quack! What are newspapers for if not to circulate information? What more valuable information can a newspaper give than to tell a sick man where he can be cured? If a man has devoted his life and labor to the study of a special class of diseases, the necessity of his saying so becomes all the more pressing. His duty to advertise becomes imperative. A really able man, whatever his gifts, makes a great mistake if he fails to use those gifts through want of advertising."

The above extract from an able article of the Rev. Mr. Beecher embodies a sound view of the subject of advertising. Suppose Dr. Darrin had come to the city and not advertised, who would know of his presence? Since Dr. Darrin has been in Salem he has relieved more agony and suffering than tongue can tell. His testimonials have substantiated his cures. The fact that his offices at the Willamette Hotel are crowded the greater part of the time and that few go away dissatisfied, is pretty good evidence of his success.

The editor of this paper is personally acquainted with many of the people named as cured by Dr. Darrin.

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glendean, Ky., Feb. 15, 1901.
I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fatter than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day.

Attention, Doctors!

Special from Buena Vista.
Buena Vista wants, needs and must have a doctor, and why not? During the past winter physicians have several times been called from other points as far removed as Corvallis. This is a condition of affairs that should not exist.
Buena Vista has a drug store; she has two drygoods and grocery stores; there is a good daily mail service; an excellent graded school; two good churches with regular Sunday services; a sociable, pleasant class of residents; unexcelled beauties in nature; splendid water; comfortable homes; delightful sites

"I sleep well enough at night,
And the blindest appetite
Ever mortal man possessed."

Riley's farmer is the very picture of a man advanced in years, yet in the enjoyment of perfect health. A good appetite, good digestion and sound sleep, are the chief factors in a vigorous old age.

Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.
Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible,—by enabling the assimilation of the nutrition extracted from food.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 150 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

The Common Sense Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

for home building and many other advantages.

Physicians have been called here many times during the past six months. With no medical aid to be had within seven miles, it leaves Buena Vista citizens to battle alone with many an ailment to attend which a resident physician would speedily be summoned.

This is a business proposition. Buena Vista has much to offer any medical man who desires a loca-

tion; she needs a resident physician and hopes to secure one. Let the passerby pause and consider this matter carefully.

Need More Help.

Often the over-taxed organs of digestion cry out for help by dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Kirkland Drug Co.'s.
