## CHILL WINDS

Are the dread of those whose lungs are "weak." Some fortunate people can follow the summer as it goes southward, and escape the cold blasts of winter and the chill airs of spring. But for the majority of people this is impossible.

Family cares and business obligations hold them fast.

"Weak" lungs are made strong by the use of Dr. Pierce's Golden Medical Discovery. It cures the obstinate cough, heals the inflamed tissues, stops the hemorrhage, and restores the lost flesh to the emaciated body.

"I am a railroad agent," writes I. B. Staples, Esq., of Barclay, Osage Co., Kans., "and four years ago my work keeping me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend also advised me to try Dr. Pierce's medicines. I commenced taking your 'Golden Medical Discovery,' and by the time I had taken the first bottle I was better, and after taking about four bottles my cough was entirely gone. I have found no necessity for seeking another climate."

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the customer a substitute as being "just as good" as the "Discovery."

## LIGHTNING STROKES

### Salem Statesman.

There are few people who would care to be struck by lightning, and Jennie Pierce, of Pine Point, Vermont, was one of these. She was struck a few days ago, however, and rendered unconscious for some time, but she recovered her senses and is very glad it happened. The reason is that after being totally deaf for ten years, she can now hear as well as any one, the change having been caused by the shock.

The application of electricity in another form by a skilled hand does not shock the most delicate system though equally effective in curing deafness and other diseases. Dr. Darrin, now located at the Willamette Hotel, is treating many cases daily; and that they do not seek relief in vain is demonstrated beyond a doubt by the following cures performed many years ago, thus showing the permanency of the electrical treatment. Mr. C. Cary, of Ashland, writes his cure of deafness is complete, cured last August. He also states that his wife is in perfect health, after being ill for ten years with female troubles, constipation, piles, liver and kidney trouble.

Miss Birdie Schmidt, Jacksonville, Or., discharging ear and deafness, cured.

C. M. Ruch, postmaster at Ruch, Or., deafness 12 years, cured in two hours.

H. A. Tucker, president of the bank of Genesee, Idaho, now living near Ashland, Oregon, catarrh 15 years, cured.

S. P. Gorsline, Lookingglass, Or., deafness and ringing in ears, cured seven years ago.

G. B. Matthews, Eagle Point, Or., consumption and large tumor, cured eight years ago.

Mrs. Isaac Williamson, McEwen, Or., inflamed eyes, catarrh, pain in her side, cured.

B. F. Pope, Houlton, Or., diabetes, Bright's disease and catarrh of the bladder, restored.

Mrs. C. Morris, Talent, Or., kidney trouble, diabetes and pain in back 20 years, cured.
