And I agree to pay the sum of \$1.35 if the book is damaged while in my possession. I also agree to pay the sum of 25 cents per week for each week or part thereof the book is kept over the time limit. Six days constitutes a week. For those who prefer to furnish security by having a friend who is a property holder sign the card for them instead of depositing the \$1 we have furnished the following clause: "I agree to settle the following contract if for any reason the above signer should fail so to do." The rental fee of 25 cents for the book must be paid before the book leaves the store.

Pedee.

A. Harrison, who recently arrived here from Missouri, has secured employment with the Pedee Lumber Co. and has moved his family to the company's saw mill.

Mrs. August Pagenkopf, of Albany, is visiting her son Ed.

Mrs. Sarah Price, has returned from a visit to relatives at Salem.

Mrs. Richard Hensley, of Salem, is visiting her brother, J. W. Yost.

buyer, was here in search of cattle last week.

J. W. Yost made a business trip to Salem last week.

Jay Brown, of McTimmons Valley, died on the 18th and was buried the following day in the Smith cemetery near Lewisville. Though Mr. Brown had been quite feeble for several years the immediate cause of his death was paralysis, from which he suffered during the past few weeks.

Mr. and Mrs. John Mitchel, of Inavale, Benton county are the guests of their son-in-law and daughter, Mr. and Mrs. Alva Womer. Mr. Mitchel conducts a

store and is postmaster at Inavale.

M. L. France, of the Hoskins saw mill company, was a caller last week and reports the lumber trade as being very active.

Alva Womer has a three-year-old Percheron filly that weighs 1510 pounds. This is probably the heaviest animal of the same age in the country.

The logging camps in this vicinity furnish a ready market for large quantities of hay, potatoes, butter and other ranch products.

Joe Brown sold 30 head of beef cattle to Salem butchers last week.

Charlie Eagleson, of Champoeg, has come up to assist his uncle Thomas Kinchin, in hay harvest.

It seems that Tracy's movements from place to place are never post-

poned, on account of the weather nor the vigilance(?) of his pursuers.

Mrs. C. G. Sturges has gone to Umqua Ferry, where she will spend the remainder of the summer.

Lewis Edwards has a force of men cutting saw logs on Ritner creek, a tributary to the Luckiamute

J. A. Hannum, who is sojourning at Belknap Springs, reports some improvement in his health.

H. M. Osborne has sold his ranch near McTimmons valley to Joe Brown and will move to Linu county. Joe has also bought a large tract of land at the upper end of the valley

We think Sheriff Ford is to be congratulated on securing the services of Mr. Eugene Hayter as his chief deputy. Mr. Hayter's appointment is highly gratifying to his acquaintances in this part of the country.

Unfavorable weather during Monday and Tuesday of last week caused some alarm as to the safety of the hay crop, but the scare was of short duration as the weather cleared on Tuesday night and what rain had fallen did no damage to hay and was of great benefit to all other crops.

AN EXAMPLE OF MANY.

Graphic Story Told by a Montavilla Lady.

Salem Journal.

When a few months ago rumors of the marvels that were being wrought in the office of Dr. Darrin, at the Wilamette Hotel, Salem, began to spread in this community, investigation was made. Dr. Darrin, his patients and his references were interviewed. Among the latter, as then stated were men and women in all walks of life and they all told the same story of quick and positive cure or benefit. To listen to them Dr. Darrin has a first mortgage on a fame that will endure. Dr. Darrin is daily in receipt of letters, couched in the same spirit. The following letter was received by him from Mrs. Henrici a prominent lady of the town of Montavilla:

Dr. Darrin—Seven years ago in Portland, I was under your electrical medical treatment for discharging ear and deafness of eight years' standing. You cured me, and I never had a return of the trouble. My husband was treated at the same time for kidney trouble and lame back of three years' duration. All known remedies failed to cure him until he took your treatment. He has never had a return of his ailment. Our address in Montavilla, Or., formerly St. Helens, Or.

Marlin

.32 Cal. High-Pressure Smokeless IN MODEL 1893

WE are prepared to furnish our full line of Model '93 rifles, solid and take-down, for the new .32 Caliber HIGH PRESSURE SMOKELESS cartridge. This size uses a 165-grain bullet and has a velocity of over 2,000 feet per second, making it the most powerful cartridge made for an American arm, with the exception of the .30-40 U. S. Army. It is sufficiently deadly for any game known in North America.

Another great advantage is that the barrels are bored and rifled but not chambered exactly the same as the regular .32-40 Marlin, one turn in 16 inches. This makes the use of black powder and lead bullets as satisfactory and convenient as in a regular black powder rifle.

This size is the first high-pressure arm developed in this country for a caliber larger than .30, and the first to use a slow enough twist to give best results with black powder ammunition.

Prices same as .30-40 MARLIN. 120-page cat. log of rifles, shotguns, ammunition, etc., cover in 6 colors, mailed for three stamps.
