The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

His Queer Habit.

It is a fact to be regretted that so few of us live up to the "Golden

Rule" of doing as we would be done by. However, in brushing up against different characters in this big, busy world we occasionally run across a happy exception.

Buena Vista has a citizen who is an exception. In passing a neighbor's ranch, one morning recently, he noticed the barn-yard gate ajar. It was a rainy morning and the grass was knee-high and wet, but he went over and closed the gate, thereby saving the neighbor a race after his cows, or perhaps more serious trouble from loose stock on the highway.

This gentleman has never been known to pass an open gate without closing it, although he once received a "cussing" for closing one that the owner had purposely left ajar. It is simply the unusual spirit of kindness manifested that makes this item worthy of mention.
