

County Correspondence.

Pedee.

Mrs. Charles Kerber, of Wendling, is visiting her parents, Mr. and Mrs. John Ritner.

Miss Ella Ritner visited Airlie friends last week.

Rex Womer made a business trip to Independence last week.

Mrs. E. A. Taylor, of Airlie, was a guest at the home of Lewis Ritner during the past week.

Our hop growers have been liberal patrons of the job department of the ENTERPRISE if one may judge from the number of hop checks that have come into this place from your office.

Miss Hettie Turner, of Lewisville, was a Pedee visitor last Sunday.

Mr. and Mrs. Charles Irvin, of Philomath, are visiting with Mrs. Irvin's parents, Mr. and Mrs. Alva Womer.

Your Buena Vista correspondent would confer a favor if he would give the spud raisers in this vicinity the names of some of the "near by" towns where potatoes are selling at \$1.50 per bushel as reported in last week's paper.

John Ritner is putting up a small building for Frank Gilliam to be used for the storage of milk and butter.

The course of travel has been reversed and the movement is now inland, the travellers being mostly hoppers en route to the various hop yards in this county.

Hop pickers in the yards in this part of the county pick by weight instead of by measure.

Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience.

The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall, of Brookfield, Green Co., Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 170—the picture of good health, until about the age of fourteen; then in six months she was so run down her weight was but 120. I felt I could not give her up as she was the only child I had, and I must say, Doctor, that only for your 'Favorite Prescription' my daughter would have been in her grave today. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
