Monmouth.

September 11.

Miss Squire, our new milliner, has arrived and is showing her excellent stock of street hats.

Mrs. Wm. Mulkey spent part of this week with friends in Portland.

Our town is just about deserted, nearly every family being largely represented at some of the hop yards.

The few men left in town are putting in their winter supply of wood and hauling straw.

Everybody but hop men and pickers are praying for rain.

Sam Work arrived last week from the eastern part of the state. He was so unfortunate as to lose his team which had to be killed, with about twenty others that were suffering from glanders. Twelve head of the sick horses were owned by one man, most all of them being with one threshing crew.

These days find J. B. V. Butler pretty busy finding places for new students and getting things in shape for the beginning of school. Examinations began on the 10th. By the number of students already arrived there promises to be a good attendance at the first of the year.

Rickreall.

Mr. Roth Merchant, of Amity, came up Saturday and remained over Sunday.

THE AX of toughest steel becomes dulled by constant use and must have a new edge if it is to do good work. Constant work dulls a man as it does an ax, makes him sluggish of body and dull of mind. He needs a tonic, something that will restore the keenness of mind and activity of body.

Dr. Pierce's Golden Medical Discovery puts new life into weak, worn-out, run-down men and women. It strengthens the weak stomach, purifies the blood, and effectively stimulates the liver. The whole body is built up with sound, solid flesh by the use of "Golden Medical Discovery."

"I was confined to my bed for four months from January 1st, 1899, and commenced to take your medicine January 26th, 1899," writes Mrs. Sallie L. Sheppard, of Poplarbluff, Mo. "I took eight bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription,' two vials of 'Pleasant Pellets,' and one bottle of Doctor Pierce's Compound Extract of Smart-Weed, as a liniment. Indigestion, obstinate constipation, and hardening of the liver was my trouble. I am at this time able to do almost any kind of house work. Your medicine saved me from my grave. Thanks to you for the benefit. My case was hopeless when I began taking your medicine."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery," is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

Constipation

His Card Speaks Louder Than Anything We Can Say.

Dr. Darrin, Willamette Hotel, Dear Sir: I am pleased to inform you that my son, Charles, whom you treated in January, 1896, for heart trouble and general debility, has fully recovered and gained about fifty pounds in flesh since taking your treatment. I think he is fully recovered for which please accept my thanks.

GEORGE CHANDLER, Baker City, Or.

Popular Salem Young Man Cured.

Mr. Editor: For the past twelve years my son, Charles has been more or less afflicted with weak lungs, accompanied with a cough; every change of the weather made him worse. He also had marked symptoms of appendicitis, with great pain in his right side. Two months ago I put him under Dr. Darrin's treatment by electricity and medicines. He has gradually recovered until now I feel that his lung complications are cured. I am grateful to you for making known Dr. Darrin's presence in Salem, as well as to Dr. Darrin for curing my son. Refer your readers to me at 378 Marion street, Salem.

Mr. Pedee man seems to doubt our assertion that potatoes have sold for \$1.50 per bushel. If he will come out to civilization occasionally and make inquiries he will learn that such prices were prevailing in Corvallis only a few few days before our item was

written and prices vary but little in the small inland towns on such articles as "spuds." There is general complaint concerning the scarcity and inferior size of "spuds" this year and high prices are sure to follow.

L. D. Baldwin, of Albion, Wash., formerly postmaster of Buena, writes: "Send me the ENTERPRISE. Try and get my subscription in by Friday." He knows a good thing when he sees it. The home paper is a welcome guest each week. Now is the time to subscribe.
