These are the samples from our big line, comprising all the new shapes in the Derby, Fedora, Tourist, Panama, and Pantourist styles.

This Toad

Knows enough to jump at a Bargain.

Some People Don't.

Our store is full of bargains. We don't mean cheap stuff, not worth carrying home, but goods that give value received to the purchaser. Especially is this true of our

Blanket Department

Our Salem blankets are admitted to be the best made; no question about it. Then when one considers that we handle them direct from our own factory, eliminating the middle men, and freight charges to and from a wholesale house, it's easily seen that we have the inside track—no one can compete with us.

Overcoats and Raincoats

Suitable preparation for the stormy days ahead is a matter of economy—a saving of health—that often means a saving of money. The long full-cut overcoat is the proper coat this season. We have an immense line, also shorter ones for those who prefer them.

We fit out boys from head to foot as well as men. Bring the boys along.

PERMANENT CURES

Are the Only Ones That Count With a Patient.

Dr. Darrin, Hotel Willamette, Dear Friend: Happy am I to know that you are again in Salem curing the afflicted. It will be 11 years next month since you cured me of deafness and catarrh of 14 years' standing. My hearing remains entirely cured; also my lungs and throat are permanently cured. What I suffered God only knows, until I sought you for relief. Publish this and oblige.

MRS. J. P. ROYCROFT, Anacortes, Wash.

Lucky Mrs. West.

To the Editor: Monday, July 8th, at 5 P. M. I put myself under Dr. Darrin's treatment for almost total deafness of long standing in one ear and partial deafness in the other, accompanied with ringing noises. I less time than it takes to write this card I was cured so I can hear a watch tick or a whisper across the room, something I could not do for a long time. My hearing is perfect now. I live in Ashland at the Depot restaurant and will gladly impart all I know of this almost miraculous cure by electricity. I am a daughter of Mrs. Wm. Bush, of Ashland.
