Yours For Business,  
**S. M. Daniel,**  
 Monmouth, Oregon.

**MADE BREAK FOR LIBERTY**

**Rainier Man Charged With Robbing a Saloon.**

Oregonian: Fred Weatherwax, 24 years old, was locked up at the police station last night, charged with participating in the robbery of the Imperial saloon at Independence, and will probably be taken there for trial today. He was arrested at Rainier. Word of the robbery had been sent to that place. Marshal Schunesen and Constable Fowler learned of Weatherwax's presence in a hotel at Rainier, but had some difficulty in locating their man, as the hotel proprietor refused to admit the officers unless they had a warrant. The fugitive was arrested in the upper story of the hotel and handcuffed. Upon arriving at the jail he made a break for liberty. The marshal and constable fired six shots in the air but he continued to run for about 200 yards, when he took to the brush and was captured. Being handcuffed he could not run through the brush. A dispatch from Rainier says: "Weatherwax has many friends

in Rainier, most of whom were greatly surprised to hear of his being in such a plight. His aged mother is working in Cathlamet at \$6 per month. His father has been dead for several years. Barring a little scrape, relating to a fish net, which cost the county and his father several hundred dollars each, Weatherwax has been considered a good boy."

**Goes Like Hot Cakes.**

"The fastest selling article I have in my store," writes Druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and Kirkland Drug Co. guarantees satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.00.

A man who has been working in the Hubbard hop yard was arrested today by the city marshal, charged with stealing clothes. The case against him is a very strong one. He will be examined on the charge in a day or two.

**Pedee.**

The winter term of our school began on Monday of this week with Miss Jessie Wilson, of Airlie, as teacher.

Thomas Kinchin recently bought 44 head of young cows from Jo Brown. Mr. Kinchin is seeding 60 acres of land to grass and is making other preparations for extensive breeding of live stock.

Will Shewey, Jr., is helping Elmer Lewis to bail hops.

Mrs. Charles Kerber, after a three weeks' visit with her parents and other relatives here, has returned to her home in Wendling, accompanied by her mother, Mrs. John Ritner.

Mrs. Clarence Irwin, who was the guest of her parents Mr. and Mrs. Wainner, has returned to her home at Philomath.

J. A. Hannum is having large quantities of gravel put on the roads in this vicinity. Mr. Hannum has charge of all the public roads in this precinct.

Mr. and Mrs. Alva Womer were Dallas visitors last week.

Potato digging is the chief occupation of most of our farmers at this time. Seventy-five per bushel is the ruling price in our local market, but it is reported that they are selling at a much higher figure in some parts of the state.

Rex Womer made a flying trip to Philomath last week.

The Spaulding Logging Co. is storing large quantities of winter feed at their camp on the upper Luckiamute.

A number of our citizens met at the school house one day last week and erected a substantial woodshed for the use of the school. Director Womer superintended the work.

The Spaulding Logging Co. has increased its capital stock from \$100,000 to \$150,000 and have very materially increased their output of logs.

Mrs. John Dyer and the younger members of the family have returned from Wendling, where her husband and two sons are employed by the Booth-Kelly Logging Co. Mr. Dyer

is expected home this week and may start logging operations on a tract of timber land he owns on the Upper Pedee.

Frequent liberal showers that fell during the past week quenched the forest fires, cleared the air of smoke, put an end to the dust and started a vigorous growth of pasture grasses.

Crop and weather correspondents of the weather bureau at Portland

have been notified to discontinue their weekly reports until the first of April, 1903. A monthly report of the progress of farm work and crop conditions is requested until the weekly reports are resumed next spring. The regular monthly reports of local correspondents which are made direct to the department of agriculture are also discontinued by order of the department statistician.

Mr. William I. Morrison, one of our enterprising young farmers, was married in Albany last week to Miss Della Pagenkopf of that city.

**Shakes For Sale.**

Douty's store has several thousand good ones for sale.

M. O. Potter, of Portland, was a business visitor in Independence last week.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.  
 J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
