### Four Doctors Failed.

Salem Statesman

Dr. Darrin has been so thoroughly heralded by the press of Oregon that there are none who are not aware of his presence or conversant with the many hearty endorsements that come to him from every section of Oregon. Many of these are from well-known and prominent persons—persons whose word is unquestioned by their friends and neighbors, whose veracity is recognized far beyond the community in which they live, and whose endorsement carries with it more than ordinary conviction; yet even the testimony of those of more than local reputation fails to carry with it quite the degree of conviction that is borne by that of the testimonial, relating to facts personally known to the reader. Mr. A. Poole, of Eagle Point, a well-known resident of Jackson county of many years' standing, submits over his signature what he knows of Dr. Darrin's professional ability in a complicated case in which four doctors had previously failed, and tells of a neighbor who is also able to bear splendid evidence of the doctor's curative powers. He writes as follows:

Mr. Editor: I hold it to be my duty as well as a pleasure to help to make known any means of relieving the suffering of humanity. Ten years ago I was taken with heart trouble and pains through my chest and body. I had then been under the care of four doctors, and they gave me up as incurable. I was so weak and run down that I could scarcely walk across the street. All my friends and neighbors thought my days on earth were nearly spent. I visited Dr. Darrin in Portland ten years ago and was cured by him in two months. I have never been ill since and feel well and able to work.

My neighbor, Mr. Mathews, of Eagle Point, visited Dr. Darrin the same year, and was cured of lung trouble, called consumption, and a large tumor in his side. Refer to me at Eagle Point, Oregon, where I have resided for two ty years. A. POOL. Dr. Darrin remains in Salem until November 1, at Willamette Hotel.
