DR. DARRIN LEAVES NOV. 1

After a Very Successful Visit to Salem Which Benefitted Many Sufferers.

THE DOCTOR HAS BEEN PRE-VAILED ON TO STOP IN WOODBURN ONE MONTH.

Salem Statesman

Dr. Darrin, the celebrated specialist wellknown throughout the Northwest, after a very successful visit in this city in which hundreds of sufferers from all manner of diseases were relieved and in many cases cured, will leave Salem November 1, and stop in Woodburn at Hotel Woodburn until December 1 there being numerous requests for his appearance there by persons wishing to be treated by his electrical process.

Dr. Darrin has practiced in Paris, London, New York and Portland and while abroad discovered certain remedies for several of the most dreadful diseases and in the treatment of which he gives entire satisfaction.

Numerous testimonials have appeared in this paper during the past six months from those who thought they owed it to the doctor as well as hundreds of like sufferers to speak of the good work that had been done for them.

Many of these are well known to the editor, having been cured when the doctor was here years ago, having spent two months in this city, at which time we became favorably impressed with his good work.

Few doctors have had such a large practice as this physician who is visited by scores of people everywhere he stops and it is well to note that the doctor is not out for money alone, as is proved by numerous cases of poor people he has cured who are unable to pay for the restoration of their health.

The doctor owes his great success to the mysterious power of electricity of which he has become so well versed.

Electricity is the wonder of the age and the mode of treatment is the acme of perfection. It penetrates the secret ambush of disease and exterminates it, root and branch forever. It removes the wretched symptoms of loathsome maladies and averts its dreadful effects. It cures many of the most hopeless cases and relieves pains that every known remedy failed in and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin.

We could say many more things which we feel due this eminent physician, did space permit, but we simply try to say in a few words what many of the doctor's patients wish to say and what our own personal observation has caused us to think.

F. C. Haines intends cutting a large amount of oak wood during the coming winter.

The many advantages of the rural free delivery are appreciated by the people on the route. More patent boxes are being put up and the patrons seem to realize that they are not so isolated as formerly.

Wm. Herren has decided to rent his farm and remain in Salem this winter. He intends to follow teaming.

Mr. Cartmill is busy with his summer fallow. He is getting it in excellent condition.

Chinese pheasants are not very numerous in this vicinity. Too much wet weather in the spring and too many shot guns and trained dogs in the summer is probably the cause.

Lu Clark has purchased a fine roan Durham bull. We are much pleased to see the farmers raising better stock.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Kirkland Drug Co.'s.
