Effective Advertising.

A letter from Chicago from General Immigration Agent McKinney of the Harriman lines, who was in Independence this summer in the interest of promoting immigration to the Willamette valley, contains this information:

"The Oregon exhibit which we had at the Peoria Corn Carnival is now in our office. It is composed, as you are aware, of agricultural products and fruits from the Grande Ronde valley, Linn and Washington counties, Or. We have arranged shelves along the south wall of our office and have placed this last named exhibition thereon. The apples in the window attract people into the office and when they get inside they view the other exhibits. It would amply repay the senders of these exhibits if they were here but one day to hear the expressions of wonder and delight which the exhibit calls forth from the crowds now in our office."

**THEFORD'S
BLACK-DRAUGHT
FOR
CONSTIPATION**

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend Theford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
C. B. McFARLAND.
