**OSTRICH LOGIC.**

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which can't be seen, the disease breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

"My blood was all out of order, and I had to go to the doctor," writes Mrs. James R. Moss, New London, Stanley Co., N.C. "He gave me medicine which helped me for a short time. In the winter of 1892 I got worse than I had ever been. My tonsils were enlarged and my neck swollen. My husband went for the doctor but he gave me no encouragement. He helped me a little, but it did not last long. He attended me for twelve months, when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I set cured some of the medicine and began taking it. When in one week I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could rest or sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. My left side was swollen out of shape and I could hardly get my breath. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his 'Pellets,' three bottles of Dr. Sage's Catarrh Remedy and the use of salt water did the work and cured me."

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

**I Coughed**

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I then tried Ayer's Cherry Pectoral, and was quickly cured."  
R. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

A reduced fare of one and a fifth has been secured on the Southern Pacific, and delegations are coming from Portland and all west side camps, as this is the first one of a series of such log-rollings to be held in the different counties throughout the state. Interest centers in the team contests, which will be participated in by several county drill teams, the prize being an elegant \$10 sword. This work is expected to take up the entire night and the Dallas boys are arranging to feed the contestants and visitors most liberally. An elegant consul commander's cup will be presented to the camp making the largest percentage of increase and the member who has put in the most applications will secure an elegant badge, the second highest getting a nest pin. These prizes are now on display in Neighbor W. R. Pfennig's window. The Dallas drill team will meet incoming visitors on the train and motor and escort them to the Odd Fellows hall where the ladies of the circle will assist in giving them an hour of social intercourse and pleasure. At 8:30 the Woodmen, their drill teams and the 100 initiates will march to the woolen mill where the regular weekly session of Dallas Camp will be convened. The initiation and team contests will come in in their regular course and an unbroken night of pleasure may be anticipated. Great credit is due to all the camps in the county for the way in which they have responded to this call for new members, as it was not expected that the aim set at 105 candidates could be in any way nearly reached.
