John Schriver, who recently bought the P. M. Kirkland residence, is a native of Illinois. The fierce winters prevailing there are such that he could not undergo the hardships longer. He says he can hardly realize that this is winter. By the way, Mr. Schriver was up and down the valley several times and found no place he liked so well as Independence. There are others of the same opinion.

It is outrageous that the boat companies compel passengers to walk to the lower landing when the river is at a fine boating stage, as it has been many times during the present winter. On a rainy day the path is slippery, and it rushes even the masculine gender to reach the boat landing in time for the boat. On the other hand the upper landing, at high water, is a good landing place and is always easily reached, and commodious quarters to greet you after reaching there. The passenger traffic from and to this point is sufficient to justify consideration of public sentiment in the matter.

Rev. H. E. Mills and family, formerly of Kansas, spent a few days in this city while en route to Seattle, where Mr. Mills goes to accept the pastorate of a Congregational church. Rev. Mills is a brother of our townsman, C. F. Mills, and a former school chum of U. S. G. Miller, of the Miller Mercantile Company. On Sunday morning Mr. Mills occupied the pulpit at the Methodist church and in the evening at the Cumberland Presbyterian church. Large congregations greeted him on both occasions.—McMinnville Telephone-Register. Rev. Mills paid a visit to his brother, J. A., of this city before going to Seattle.

To what people say when they would discourage your hope of exchanging womanly weakness and sickness for perfect health. Women who have been invalids for years, scarcely able to be up half the time, and the other half of their time spent in bed, have been made healthy, hearty women by the use of Doctor Pierce's Favorite Prescription. It cures the womanly diseases which undermine the strength. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your 'Favorite Prescription,' writes Mrs. Pierce Geise, of 322 West Philadelphia Street, York, Penn'a. 'Will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 100 lbs.; at present it is 125. Have healthy color and my friends say I look well. My best thanks to you and my best wishes too, for what you have done for me.'"

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. The Common Sense Medical Adviser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
