The Georgia Harper Co. played a successful three-nights' engagement here this week. Miss Harper was unable to accompany the troupe, but the company's work was of a high order notwithstanding her enforced absence. The greatest inconvenience her absence caused was the necessity of striking out all emotional plays thus depriving our theater-goers the privilege of seeing Camille put on the stage by a first class company. Comedy dramas made up the roles played and their work was A1. Should this excellent troupe carry out their intentions of playing a return engagement they will be greeted by crowded houses.

G. L. Hawkins, of this county, went to the Fulton ranks Saturday.

February 14th is the Day.

Valentine Day.

What it is as given by the Encyclopedic

"A day commemorative of two saints (out of a great number the same name) formerly observed in England, Scotland and parts France, by peculiar and amusing customs in relation to an allotment of young men and young women to each other. In the 16th century the amusing observance of the day was popular with the upper classes in vogue at European courts. These imaginary engagements made sports on that day were supposed to hold good through the year, often resulted in weddings. In later times the observance degenerated to the sending of tender or ridiculous love-letters and has long been vogue in the United States."

This great day will be observed at Independence, and we are prepared to furnish you amusing or very tender tokens of friendship in the form of a neat valentine. Valentines from 1 cent, also for 5, 10, 25, 50 cents.
