Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Arrived Monday.

Special from Buena Vista.

There is a new ferry boat at Buena Vista. It arrived Monday from Corvallis, where it was built by Adams Brothers, contractors and builders.

Hugh and John Baldwin went to Corvallis on the boat Sunday and brought the ferry boat down on Monday. The undertaking was one concerning which there was some uneasiness felt, owing to the high stage of the river. A crowd of spectators who witnessed the departure from Corvallis prophesied calamity and disaster to the Baldwin boys on the homeward trip, prophesies, however, that proved false. The trip was made in five hours without mishap.

The new ferry is to be operated by William Steele, who recently purchased it of Hugh Baldwin. Mr. Steele is a pleasant, affable gentleman and under his management the new boat will no doubt prove a most satisfactory investment. The boat went into service Wednesday afternoon, to the intense satisfaction of the public hereabouts.

Or shall we get in line with the rest of the hustlers and force recognition of Polk's splendid resources from all who come. The harvest is ready but the laborers are few. Let us join hands and help on the good work. The ENTERPRISE will lead us.
