

## County Correspondence.

## Buena Vista.

Miss Bertha Rowe, one of Buena's most promising young ladies, spent Thanksgiving with her parents here. Miss Rowe is a student of Monmouth Normal. She returned to school Sunday.

A pack load of Buena sportsmen attended the shooting match at Suyer, the day before Thanksgiving and report a good time.

W. W. Percival, of Independence was a business visitor here Sunday.

Mrs. F. A. Douty returned to her Independence home, Saturday.

Newspaper correspondents are not infallible; they do not manufacture items; they are dependent, in a great measure, on the veracity of others; they do not purposely make themselves nor other people ridiculous. If errors occasionally creep into the newspaper, blame should fall on the parties who circulate false rumors. The correspondent, as stated, is only human, but he aims to be accurate and truthful.

Elmer Hall and Gus Pagenkopf did road work Tuesday, the former in Buena and the latter out towards Independence.

Mr. and Mrs. James Conner were Independence visitors Tuesday.

Mr. and Mrs. A. J. Hall, of Wells visited relatives here Tuesday and Wednesday.

Butter is very scarce in these parts at 30¢ per lb.

### VISIT DR. JORDAN'S GREAT MUSEUM OF ANATOMY

1051 MARKET ST., SAN FRANCISCO, CAL.

Curious Curiosities and Curiosities

Whale bones—Anatomical Museum

In full view—A complete skeleton

Whale bones, of various kinds, particularly cured by Dr. Jordan especially for the Pacific Coast, mounted in glass.
