The Benefit of Change.

We are like house plants. We need a change of soil now and then, to be replanted. New scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, sunshine in place of cloud. This is sometimes essential to health. There are conditions near at hand that are better than Europe can offer. Take a month or two in California. Plant yourself for a time where there are no irritations, where the hotel is beyond criticism, the landscape pleasing and where warm sunny weather invites to walks and drives. Pure and dry air and the increased electric influences of sunshine are vastly helpful.

You can make this trip at very little expense and enjoy a ride over the scenic Siskiyou and Shasta mountains, which, at this time of the year with their snow-covered peaks, are unsurpassed for their grandeur.

strong railing and a few loads of dirt or gravel would obviate the danger and possibly prove a very paying investment in the long run. This is merely a hint with no reflection on those in authority.

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by Kirkland Drug Co.

To Dispose of Pool.

The Polk County Mohair Association will meet in Dallas March 7th, to transact important business, notably, to set the time of the sale of the pool of the association. The pool at present is the fleeces of about 12,000 goats and will amount to about 50,000 or 60,000 pounds, ordinarily, but the winter has been unusually severe in the hill districts, and consequently it is supposed the clip will be somewhat lighter than usual.

Don't Knock.

If there is a chance to boom business, boom it. Don't be a knocker don't pull a long face and get sour on your stomach. Hope a bit, Get a smile on you. Hold up your head. Get a hold with both hands. Then pull. Bury your hatchet, drop your tomahawk, hide your little hammer and when a stranger drops in tell him this is the greatest town on earth, it is. Don't get mulish, don't roast, be jolly, get popular. It's dead easy, help yourself along. Push your friend with you, soon you'll have a whole procession. Be a good fellow.

No man ever helped himself by knocking other people down. No man ever got rich trying to make people believe that he was the only good man on earth. You can't climb a ladder of fame by stepping on other people's corns. They're their corns not yours and they're tender. Keep off the corns.

All men are not alike. Once in awhile you may find one who is very much alike, but some are different. You're not the only shirt in the wash. If you don't like their style let 'em alone. Don't knock. You'll get used to it. There's no end of fun in minding your own business. And it makes other people like you better. Better have others get stuck on yourself. Nobody gets stuck on a knocker. Don't be one. Be good.

Well Again.

Many friends of John Blount were pleased to learn that he has fully recovered from his attack of pneumonia. Chamberlain's Pain Expeller cured him after the best doctors in town (Monon, Ind.) had failed to give relief. The prompt relief from which this liniment affords is worth many times its cost. MONMOUTH GETS PENNANT.

Dallas Gets Mad and Further Complications Emerge.

At the meeting of the executive committee of the College Athletic League of Oregon, held at the State Normal Friday evening, the matter of awarding the basket ball pen-

tion of doing so. The meeting disbanded, but after Mr. Poling's withdrawal in the interest of harmony a meeting was subsequently called and the matter was reconsidered and referred to a board of arbitration. A resolution was passed stating that Dallas had violated the letter of the constitution in playing A. Wilson.—Oregonian.

HEARD ELI PERKINS.

World Renowned Humorist Appears at Dallas.

On last Friday evening a large crowd from here packed the motor for Dallas to hear the celebrated humorist, Eli Perkins.

Mr. Perkins went to Dallas by way of Independence and a few met him here en route. He is rather an aged man, but quick and bright in conversation. He can walk to much greater advantage when supported. Mr. Perkins as an orator would be a failure, but he has an abundant store of wit and keeps his audience in good humor throughout his lecture. However, some of his jokes were very old.

The Dallas Epworth League is to be congratulated on their enterprise in securing a man of national reputation to visit them and lecture. Better still they made it a money maker.

Georgia Harper Company.

The Georgia Harper Company will play a return date here on March 11th, on which occasion they will present Dumas' masterpiece, "Camille." Miss Harper will positively appear during this engagement without fail.

Just A Suggestion.

Unless steps are taken to prevent it, Polk county is liable to have a damage suit to settle with some one.

The Soap Creek bridge near Rider's grove on the Corvallis and Independence road is a point that needs the attention of the authorities. The south approach to the bridge is not only very narrow, but there is a steep embankment on either side of it, a plunge from which would land a vehicle in the deep waters below. A mettlesome team would be hard to manage on this approach, and a quick lunge to one side would upset a light rig very easily. A
