A special session of the United States Senate has been called by President Roosevelt to meet March 5th. He said they would have to if they fooled away their time and they did.

Governor Chamberlain deserves credit for having the nerve to establish a precedent in dealing with appropriation bills. The Oregon constitution prohibits vetoing one bill when numbered together and heretofore the governors, as a rule, let many grafts go through rather than veto any meritorious measure. The governor has done his duty and the next legislature is not apt to put "riders" on the general appropriation bill at the last minute.

Congressman Moody, of the second district of Oregon, has won a high standing in the national house of representatives, and he retired yesterday with a record of excellent service in the two terms of congress in which he has served. He goes out at a time he should have been retained. We hope his successor, Mr. Williamson, is able to come up to the standard set by his predecessor.

The Benefit of Change.

We are like house plants. We need a change of soil now and then, to be replanted. New scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, sunshine in place of cloud. This is sometimes essential to health. There are conditions near at hand that are better than Europe can offer. Take a month or two in California. Plant yourself for a time where there are no irritations, where the hotel is beyond criticism, the landscape pleasing and where warm sunny weather invites to walks and drives. Pure and dry air and the increased electric influences of sunshine are vastly helpful.

You can make this trip at very little expense and enjoy a ride over the scenic Siskiyou and Shasta mountains, which, at this time of the year with their snow-covered peaks, are unsurpassed for their grandeur.

ful hotels in California, address W. E. COMAN, General Passenger Agent, S. P. Co., Portland, Oregon.

Well Again.

The many friends of John Bond will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Kirkland Drug Co.
