It begins to seem natural to talk about summer after the splendid weather we have enjoyed. A great many gardens have been worked, and in a few cases already planted. Now we are content to huddle around the fire for a few weeks longer and let old nature do her worst, while the men smile because house-cleaning has been delayed.

"I wrote to Dr. Pierce for advice though I thought surely I would die."

"After my baby came in January, 1900," writes Mrs. Nancy Abner, of St. Paul, Ark., "I suffered severely from all sorts of aches and pains until the following May, when I read one of your pamphlets, treating on female diseases. I wrote to Dr. Pierce for advice, although I thought surely I would die, as our physician told me I was more liable to die than to get well; your fatherly advice caused my health to be restored. I took five bottles of Dr. Pierce's Favorite Prescription, three of 'Golden Medical Discovery' and three vials of 'Pelle's,' together with your other remedies, and I am now able to do all my work."

Weak and sick women are invited to consult Dr. Pierce, by letter, free, and so obtain without charge or fee the advice of a specialist upon diseases peculiar to women. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The invitation to consult Dr. Pierce, by letter, free, is not to be confused with offers of "free medical advice" made by irresponsible persons who are not physicians and are professionally and legally disqualified for the practice of medicine.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

I Thank You.

Once more we are the fortunate prize winner in the ENTERPRISE correspondents' contest which closed a week ago. Again to the editor, and to each one who has furnished us even one little item to help us in our work we say "thank you."

The desk is a little beauty, and is worth many times over the slight effort required in securing it. While we cannot always win first place, we shall continue to help the ENTERPRISE in securing news matter, and shall do our humble best towards helping to boom Polk county and our own little village.

Again and yet once again we say to all, "thank you" for your kind assistance."

READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by Kirkland Drug Co.

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by Kirkland Drug Co.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed.
