## Watch Economy.

Everybody wants the best watch  
possible for the money, consequen  
tly those misleading advertisements  
catch many a person for a cheap  
watch. It looks cheap, wears off  
brass in a few months and never  
gives good time; you become dis  
gusted with the watch business and  
think everybody is trying to cheat  
you. Now look here. Probably  
the money you paid for this "cheap  
John" gold watch would have  
bought a good honest watch of us.  
If not we would have told you so,  
for it is to our interest that our  
watches give you satisfaction as we  
want you and your friend for our  
customers and can't expect to get  
them any other way.  
We carry a fine line of ladies'  
and gent's watches. You take no  
chances when you buy watches of  
us.  
Yours for Watches,
