The students will give a farewell reception to Prof. French on Thursday evening at the college.

Monmouth is having very interesting times now on the cow question. Some think a man too poor to buy feed for his cow should not think of living in a city like Monmouth while the majority are more liberal in their views and are willing that the cows have a few bites of grass without arresting the owner of the cow and not damage the town either.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Kirkland Drug Co.

"I've Lost Ten Pounds"

A man says. "Look at this." And he over-laps his coat to show how loose it is. There are some people who can lose fat to advantage, but the loss of flesh is one of the accepted evidences of failing health. As flesh-making processes begin in the stomach, so naturally when there is loss of flesh we look first to the stomach for the cause. And the cause is generally found to be disease of the stomach and digestive and nutritive tracts, resulting in loss of nutrition and consequent physical weakness.

Doctor Pierce's Golden Medical Discovery restores the lost flesh by curing diseases of the stomach and other organs of digestion and nutrition and enabling the perfect digestion and assimilation of food from which flesh and strength are made.

"My wife was for five years troubled with indigestion of stomach and bowels, bloating and severe pain at times during the entire five years," writes Mr. J. Milton Unger, of McConnellsburg, Pa. "Her heart was affected, and she took a purgative every few days but only received temporary relief. She got very poor in flesh and I bought one bottle of Dr. Pierce's Golden Medical Discovery from our druggist and after taking it she said she felt like a new woman. Has no more trouble with stomach and bowels, and has no pain nor bloating. Has gained fifteen pounds in weight."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness.

Rev. E. C. Wigmore is to lecture at the school house next Friday evening on his celebrated subject, "The Living Books of the Age." The admission will be 10 and 20 cents and all proceeds go to the public school library fund.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to try Electric Bitters. To my great joy the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c. Guaranteed at Kirkland Drug Co's.
