The popularity of the ENTERPRISE was plainly manifested here Friday, when the paper failed to arrive. There was a rush Saturday noon, in consequence. We hope it will not happen again, Mr. Mail-clerk.

About thirty people participated in the cleaning up of the Buena cemetery Saturday and partook of a bountiful basket dinner at noon. Owing to the busy season on the farm, however and to the further fact that the weather was unfavorable, the attendance was not what it otherwise would have been and another day is to set for the work. Watch for the date.

SEVERE ATTACK OF GRIP. Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration but the pains were far less severe and I had not used the contents of one bottle before Mr. Grip had bid me adieu."
