

Buggies, Carriages and SPRING WAGONS.

We have this spring added to our line of vehicles the celebrated CLARK BUGGIES. These buggies have iron corners, and are made especially for the Pacific coast trade. They are stronger in every particular than the ordinary buggy. We ask you to examine them. They are all right.

RAYCYCLES.

The latest thing in the wheel line. Get a Raycycle and be in the lead. Our stock is complete in the bicycle lines. We can furnish you a wheel from \$10 up.

American Field Fence, the strongest wire fence on the market. Don't buy a light wire fence when you can get the heavy American at a less price. We have already shipped in two car loads of this fence this spring. It talks for itself. For sale by

The Independence Improvement League is working to improve the road leading to the Ankeny mill at Sydney. This will bring an enormous lot of business into our midst that has heretofore gone to other points. Residents there are very anxious to see Independence work up the road, as they would much rather do their marketing here than at surrounding points.
