THE CAMEL'S HEAD.

"Where the camel's head goes his body follows," says an Oriental proverb. It's the same way with disease. A small opening will give it an entrance and when disease once has a place in the body a large number of ills may follow it.

The opening for disease is often found in a "weak" stomach. When the stomach is "weak" the body also becomes weakened by lack of nutrition, and disease attacks the heart, liver, lungs, kidneys and other organs.

Dr. Pierce's Golden Medical Discovery makes the weak stomach strong. It cures diseases of the stomach and other organs of digestion and nutrition, and so enables the body to resist or throw off other diseases.

Men and women who are sick are invited to consult Dr. Pierce, by letter, free, and so obtain without charge the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"For the past two years I have been a very sick woman," writes Mrs. Chesley, of 108 Woodland Ave., Cleveland, Ohio. "I tried medicines from doctors and to no avail. At last I decided to try Dr. Pierce's Golden Medical Discovery. When I started I was all run-down and had a very unpleasant taste in my mouth. Was choked up, and at times it was very hard for me to breathe. I had severe headaches and cutting pains in my knee joint. Was so weak I could not attend to my work nor walk up or down stairs without the assistance of my brother or some friend. I am now taking the fourth bottle, and am happy to say I feel like myself again. I can go up and down stairs and perform my duties as well as any one. Everything seems to be brighter, and I can assure you that life is worth living."

Accept no substitute for "Golden Medical Discovery." There is nothing just as good for dyspepsia or debility. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

The valley is over-run with toughs, and the papers are full of hold-ups, house-breaking and petty thievery. Independence has thus far escaped, but it is well for people to take a little precautionary measures.

The night telephone service will probably begin with the first of the month. More than the sufficient number has been secured, and the delay is caused by the inability to secure a sufficient number of phones to place in subscribers' houses.

A handsome improvement has recently been made in the Odd Fellows' cemetery south of this city on the family burial lot of the late Josephus D. Irvine, and consists of an all polished Barre Vermont granite monument of the sarcophagus style, and bearing the inscriptions of the deceased and two children, together with the family name in large fine letters and the Odd Fellows' emblem, of which order Mr. Irvine was an honored and prominent member. The lot is enclosed by a neat stone wall made of the Pioneer sand stone, having posts on each corner and on each side of the entrance which consists of three steps between two artistically carved buttresses. The work was contracted for with the well known monument dealer, Wm. Staiger, of Salem, Oregon, and the fine workmanship and substantial manner in which it is placed is but a repetition of the superior character of the work constructed by this reputed old-time dealer. The cutting and setting of stone work was done by Mr. Drew E. Ehmer, recently from New York, where he ranks high among the better class of artists, and by whom Mr. Staiger has been re-inforced. This improvement is by odds the most artistic and substantial in this cemetery and will repay any one interested to make a visit and see it for themselves.

J. P. Robinson was called to Hillsboro Sunday by the serious illness of a brother.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Kirkland Drug Co.'s.

As a great many people no doubt visit Portland on the occasion of the president's visit that city May 21st, it is anticipated that the railroad company will be unable to provide facilities to handle the crowds on one day. Excursion tickets will therefore be sale from all stations into Portland on May 19th, 20th and 21st, and it is suggested that the people do not wait until the last day. W. C. Coman, G. P. A., Southern Pacific Co.

Miss Lizzie Kimberlin, who has been going to school here, this winter, returned Saturday to her home in Lafayette.
