

HOW YOUNG MR. BYERS RECOVERED HEARING

(Salem Journal, June 22, 1902.)

Mr. A. J. Byers, of Independence, accompanied by his son, A. G. Byers, called at the Journal office this afternoon and made a statement relative to the condition of the younger man. He had been deaf from his infancy, and later the difficulty gradually increased to such an extent that he was almost totally deaf. Two months ago the young man came to Dr. Darrin for treatment and today called at the Journal office to state that he could hear as well as anybody. The reporter talked to him in a low tone of voice and was convinced that his hearing was of the best. This remarkable cure of necessity makes the young man feel happy, and his father is more than pleased. Their purpose in coming to the Journal office was to make a statement to the public concerning the wonderful cure.

I, A. G. Byers, being duly sworn, depose and say that the above statement written by the Journal reporter relative to my being healed of deafness by Dr. Darrin is absolutely true.

Their Kind Deed.

Special from Buena Vista.

Life is made up of small things, not great. The world teems with the little thoughts, words and deeds of the masses, rather than with the brilliant achievements of an occasional genius, or the daring deeds of its few splendid warriors.

It is not the overwhelming dignity and courtesy displayed on state occasions, by the rich or titled, that weaves the threads of true friendship into a fabric that time and eternity can not destroy; but it is the simple act of kindness, the little gift of love, the little word of sympathy, that stands the test of years and brings the deepest peace to the individual.

An occasion that was rich in the neighborly affection came to the reporter's attention a few days ago. It happened Friday. The ladies of the Buena Vista Aid Societies proceeded to the home of Mr. and Mrs. W. N. McLaughlin, north of town, and volunteered their united labor for the day, to their hostess. Mrs. McLaughlin is in very poor health, and this assistance was a very acceptable gift. Sewing was brought forth and all hands set forth to work with good will. The party accomplished a large amount of work ere departing for home.

At noon, lunch was spread by the visitors under the trees, and their hostess invited to dine with her guests, they having thoughtfully brought lunch with them to spare her all trouble.

This is one of the events that shine forever in one's memory.

Those present were: Mesdames Margaret McLain, Anna Rowe, Sarah Prather, A. Anderson, B. L. Murphy, Addie Davison, Mary Bevins, James Coutu and W. N. McLaughlin.
