AN ALBANY MAN'S

Experience With Dr. Darrin.

(Albany Democrat.)

Mr. J. D. Alkire's card to the public will go far to establish the curative properties of electricity and medicines as administered by Dr. Darrin. We are pleased to give space to it as many will be more thoroughly convinced of the doctor's just claims to a new and efficacious mode of treatment for chronic diseases long thought incurable.

To the Public.

For more than 20 years I have been afflicted with kidney troubles, pains in the back, diabetes and inflammation at neck of bladder. I had to relieve my bladder four or six times nightly. I had despaired of relief, having taken many kinds of patent medicines. I am happy to say I have been cured by Dr. Darrin and his new mode of treatment by electricity and medicines, and feel it my duty to give him credit for it as well as to notify my friends and neighbors where to go for relief. I am 70 years old and consider the cure more remarkable on account of my age. I reside near Knox Butte, seven miles from Albany, Linn county, Oregon, and can be referred to.

J. D. ALKIRE.

Discharging Ear and Deafness Cured.

TO THE EDITOR: For 50 years or so I have had a discharging ear and partial deafness. The troubles have given me a world of worry and inconvenience. I have been cured of the discharging ear and am rapidly recovering my hearing, all of which I ascribe to Dr. Darrin's skillful electrical and medical treatment. Refer to me at Woodburn, Oregon.

IMPORTANT NEWSPAPER CHANGE.

Henry Watterson's Courier-Journal Announces a New Policy.

During three decades the Louisville Courier-Journal has stood unalterably and conspicuously before the public as the representative of the great commonality of the people against both the Robber Baron, seeking through the accretion of ill-got money to steal away the people's liberty by stealing away

their franchise rights, and ready tool of the Robber Baron, the bandit politician, masquerading as a statesman and a patriot, the better to serve the ends of the master. In fulfilling this function it has sometimes gone fast and sometimes gone slow and sometimes to cry "halt" and sometimes to cry "halt" times to drive at the root of the matter and sometimes to drive about never changing the direction of movement and always true to the underlying principle of its policy, expressed by the simple motto for "the greatest good to the greatest number."

With the advent of the New Year, that is on the first of January, 1903, the Courier-Journal began a campaign from which it expected to reach the objective before it, the twice-a-weekly was changed to a once-a-weekly edition, returning to the oldly Courier-Journal, which in a quarter of a century was the political bible to millions of Americans who knew they could both its prescience and its interestness.

The new Weekly Courier-Journal is modern in every respect. It is a paper for the home. It is issued every Wednesday and filled with the best work of the best writers. The price of the paper is \$1 a year in advance. It is well worth it.

By a special arrangement with the publishers of the Courier-Journal you can get that paper for the ENTERPRISE one year for
