On the Installment Plan

Quite a number of people ask us if we sell watches on the installment plan. Now just a word. If we sold watches on the old installment plan we would have to add 75 per cent to our prices. But we have a plan by which you can pay for your watch by the week or month to suit your own convenience. If you want a watch or anything else in our line we will sell it to you on our new plan. Just as cheap as though you paid cash.

Respectfully Yours,

O. H. Kramer & Co.
