Mayor S. Tomlinson.

What Woodburn's Executive
Thinks of the Famous
Dr. Darrin.

(Woodburn Independent.)
Those who think that Dr. Darrin, the famous specialist and electric physician, does not perform permanent cures will have their doubts dispelled by hearing what Hon. S. Tomlinson, mayor of Woodburn, says on the subject:

A representative of the Independent called on Mayor Tomlinson Tuesday and in the course of an interview with this prominent man secured valuable information, although he was very reluctant to go into print.

"Well," said Mayor Tomlinson, "in 1891 I had sciatic rheumatism and malaria fever and was treated by different physicians without gaining relief. Dr. Darrin, of Portland, was then advertising extensively and, like a man going to the court of last resort, I went to him. I was in a bad condition and unable to do any work whatever. Before the full course of Dr. Darrin's treatment was over I returned home a new man, and since that time have not been placed in a position where the services of a physician were needed."

That was eleven years ago. Today Mayor Tomlinson is one of the strongest men in the city, possesses a physique that is the envy of his fellow townsmen and is well known for his capacity for hard work.

Dr. Darrin's Place of Business.

Dr. Darrin can be consulted free at the Hotel Revete, Albany, from 10 to 5 o'clock daily; evening 7 to 8; Sunday 10 to 3.

The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, influenza, heart, liver, bladder and kidney diseases or those who suffer from apathy and indifference; also consumption, genito-urinary and skin diseases to either sex, such as blood taints, seminal weakness and lost vigor, varicocele and stricture.

All curable chronic diseases treated at \$5 a week or in that proportion of time as the case may require. The poor treated free, except medicines, from 10 to 11 daily. No case published except by the permission of the patient. All business relations with Dr. Darrin strictly confidential. Electrical appliances furnished. One visit is desirable, though many cases can be treated by home treatment by writing symptoms. Eyes tested and glasses fitted.

This is the first visit of the head of the Portland firm of Drs. Darrin to

The Recital Tonight.

This, Friday evening, at the United Evangelical church in Buena Vista, occurs the musical recital by pupils of Rev. B. J. Kelly's class, in this vicinity. Admission is free and everybody is invited. The exercises will begin about eight o'clock, and the audience will please be on time and give attention to the program, as disorder or confusion is very annoying to the amateur performers.

At the conclusion of the program a collection will be taken, and the proceeds awarded to the pupil whose number is best rendered.

Immediately after the recital, ice cream and cake, at ten cents a dish, will be served in the school house by the ladies of the Evangelical Aid Society. Don't forget the place,—at the school house.

A Lesson in Punctuation.

The Dowager Czarina is a great favorite in Russia. Among other stories illustrating her character is this: She saw on her husband's table a document regarding a political prisoner. On the margin Alexander III had written: "Pardon impossible; to be sent to Siberia." The Czarina took up the pen, and, striking out the semicolon after "impossible," put it before the word. Then the endorsement read: "Pardon; impossible to be sent to Siberia." The Czar let it stand.
