Dear Sir:-
In addition to the real estate business conducted in the office of Cooper & Hurley, I have added insurance, collections and law. I have made arrangements with W. H. Holmes, of Salem, wherein he will associate with me in the courts in all cases of importance.

You will undoubtedly find that legal work, papers, notary work, etc., done by an attorney, admitted to practice in the state, and who has been educated and examined to do legal work, will be more accurate than work done by a person not admitted to practice. Further, I have a complete set of law books to assist me in getting up papers; I have the statutes of the state, revised to date, and can make the firms conform to the laws as laid down in the books for this state. There are many little technicalities

in legal work, which only an attorney can know, and which are vital to the correct writing of the legal paper.

I make a specialty of looking up titles, and I advise you to have the title looked up to every piece of property you intend to buy, before you purchase it. It is an old maxim that "an ounce of preventative is better than a pound of cure." Pretty near every piece of property, which has changed hands several times, has some flaw in its record which should be corrected before you buy it.

I have the old, reliable Hartford Fire Insurance Company, the oldest purely American fire insurance company in America today. Its policies are A. No. One. Now don't be led away by these so called fire associations that claim they give you cheap insurance. Figure up what you paid them the last year in comparison with what you

paid them the year before, and you will find that they are assessing you more and more each year. The cause of that is that they are reaching out and getting larger. As they do that their policies have to take in ranges, and their rates are increasing. There is but very little difference in their rates and the rates of the old line companies today and when you insure in an old line company you have a policy that is good. The company is backed up by a big surplus with which they can pay you in case of fire, and do not have to levy assessments. A big fire in one of these assessment companies will cause a big assessment, for you have to hold them up. They haven't a big reserve fund for that purpose.

I make a specialty of collections and am the representative here of the R. G. Dun commercial agency, and am in a position to handle out-

side collections as well as city collections. Remember your accounts outlaw in 6 years and if you wish to secure them don't let them get old. Go over your old notes and accounts and you may find some that I can easily collect for you, which you think are practically worthless.

I did the bookkeeping for a large wholesale concern in Washington for a long period, and can keep your books and do your monthly collecting for you and put your business on a monthly paying basis.

If you have any business in my line call and see me. My rates are reasonable and I guarantee you good service.

Respectfully yours,
G. A. HURLEY.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Rev. E. J. Thompson was in Corvallis Wednesday to officiate in the burial services of the late Mrs. Dr. Ainsley. Rev. Thompson married this couple last March, and his journey there on this occasion was necessarily a sad one. Dr. and Mrs. Ainsley had but recently returned from Europe from a wedding tour.

Miss Claretta Tomason, who has been visiting her sister Mrs. G. Kutch, returned to Broad Meade farm Tuesday.

Remember Waggoner will take your order for anything in the candy line at the proper price.
