There is no justice in the apportionment of salaries of Polk county's treasurer and the deputy county clerk. The salary received by the deputy is greater than that received by the treasurer. It is certainly not right to elevate a deputyship over an office of such importance as the treasurer of Polk county.

A Lecture on Electricity.

Albany Democrat.

Electricity commenced its career at the breaking morn of creation, with few passengers on board and has continued its course with increasing speed and growing glory down to the present moment. It travels with the brilliancy and rapidity of the lightning's blaze, and even compels the very lightnings to speak in a familiar voice to man. The chariot of science is destined to continue its magestic course, in duration coeval with our globe. Genius is supremely higher than talents, and no man of genius had ever opposed electricity in its wonderful workings. This shows that if it was considered unworthy of doing all that is claimed for it that it would be discarded the same as all worthless things that are cast aside. Dr. Darrin at Hotel Revere is an advanced thinker on the applications of electricity for the cure of disease and to prove his skill we enumerate many cures performed by him, and would suggest to the thinking minds that today cures are being performed by this subtle agency, that seemed impossible ten years ago.

Among the many successfully treated may be mentioned ex-Senator George Chandler's son, of Baker City, who had trouble and general debility; cured and gained 30 pounds.

F. H. Hohn, 247 Commercial street, Salem, catarrh, cured.

J. W. Pate, Jefferson, Ore., rheumatism and diabetes, cured.

Reuben Lee and wife, Turner, Ore., sciatic rheumatism and cough, restored.

Mrs. C. Pfend, Salem, varicose ulcers on both limbs, cured.

B. Baxter, Ferry street, Salem, tumor, cured.

Miss Irene Ashford, Albany, Ore., discharging ear, cured.

J. S. Hesten, Salem, liver complaint and dyspepsia, cured.

Mrs. Beulah Ross, of Salem, was in Albany last week visiting friends. She formerly lived near here. Mrs. Ross is very enthusiastic over her recovered health. She was cured by Dr. Darrin last summer, in Salem, her afflictions being chronic dyspepsia, liver and kidney troubles, thought to be incurable.

Begins at Once.

In another column is a list of our prizes for our next contest. As in the contest just closed, the selection of prizes were left to the correspondents themselves, and the list is the result of their efforts. We place the end of the contest a little later than we preferred, for this reason: Several of our correspondents say they will be in harvest fields and hop yards, and they desire additional time in which to overcome this handicap. We yield to their requests. When the farmers busy season is over we will endeavor to add features to this department which will add additional interest to the work.

DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin is located at the Revere Hotel until Oct. 1st, and will give free examination to all from 10 to 5 or 7 to 8 daily. Ringling Bros. Excursions.

Special excursion rates on all lines of travel have been arranged for by the management of Ringling Brothers' World's Greatest Shows, and those who wish to go to Salem where this great circus exhibits Wednesday, August 26, can do so at very little expense. This will be the only point in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Ringling Brothers' circus has been the leading arena exhibition of America for years, but the show has never been permitted to rest upon its reputation. Although long ago it passed the point of competition, every season sees a greater and grander show. This year's performance is entirely new, and entails the combined efforts of 375 wonderful artists in the equestrian, gymnastic, equilibristic, acrobatic and aerial line, together with forty famous clowns and hundreds of lesser lights. Circus day opens with a brilliant street parade three miles in length. Don't fail to see it.

Miss Ida M. Snyder,

Treasurer of the Brooklyn East End Art Club.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.
