A PITILESS MALADY.

Dr. Darrin Gives His Opinion on Rheumatism and its Cure.

Albany Herald.

"Rheumatism is a most pitiless malady" exclaimed Dr. Darrin to a questioner regarding it. "It destroys the poor workingman as quickly as the man of wealth. It gets into the blood, leaves its grip upon the tissues and destroys health and happiness, besides causing intense pain and suffering. I would urge one to fight it upon first sight as they would a snake;

get it out of the blood and free the tissues of its blighting influence. Electricity applied by my method will chase it into a corner and destroy it."

"I have a system of treatment that frees the blood from uric acid, stops the pain and suffering, gives strength to the muscles and nerves, in fact cures the worst case of rheumatism in a remarkably short time."

There is no question but what Dr. Darrin has been unusually successful in the treatment of rheumatism since he has been in Albany. Every day rheumatism sufferers are seen hobbling to the Revere House and on leaving have the appearance of having found relief, and when spoken to regarding their case, they speak in highest praise of the doctor's treatment.

The following outspoken recommendation from a man so well

known as L. W. Moench is one of the strongest reasons why people should look into the merits of Dr. Darrin's cures by electricity and skillful medical treatment. The doctor has been prevailed on to remain in Albany until Dec. 1st and is visited by scores of sufferers daily and why any one with good judgment can see their friends and neighbors cured and not grasp the opportunity to try Dr. Darrin's new system of cure is beyond our comprehension.

MR. MOENCH'S CARD.

To the Editor: For years I have been troubled with sciatic rheumatism, liver and kidney complaint and dyspepsia. Three months ago I was unable to work, or even put on my shoes without great suffering. Dr. Darrin has so far restored me that I am able to work every day. My troubles are all gone and I feel like a new person and I gladly subscribe my name in Dr. Darrin's behalf and recommend him to the public. I reside on 4th and Main St., Albany, and will answer all questions by letter or in person.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Kirkland Drug Co.
