**UNHEALTHY KIDNEYS.**

**Dr. Darrin Says That "Thousands Have Kidney Trouble and Don't Know It."**

**Dr. Darrin Going to Corvallis November 15th.**

Albany Democrat.

"Yes," said Dr. Darrin to our reporter "kidney and bladder diseases are more prevalent than most people suppose. The symptoms are so numerous and different that thousands suffer and do not discover the real cause of their trouble until they are in the fatal grip of Bright's disease or Diabetes."

"The warning of kidney trouble is backaches, aching pain over the hips, swollen ankles, sediment or deposit in the urine, bloody or highly colored urine, scanty urine, voracious appetite, thirsty, mouth dry, tongue furred and swollen, weakness and wasting of flesh, skin pale, waxy or dry, bad odor of perspiration and puffiness under the eyes."

"Advice and treatment should not be neglected by those having any of the above symptoms which can be easily cured, otherwise will result in a fatal malady." "I have for years," continued the doctor, "made a specialty of successfully treating all forms of bladder and kidney diseases, and will be pleased to talk with any one regarding their case, and give my candid opinion or render any service they may require."

**ANOTHER SALEM TESTIMONIAL.**

Mr. Editor: Thirteen years ago Dr. Darrin visited Salem and cured my daughter, Martha Dove, of diabetes. She was unable to retain urine and had to get up many times night and day. Dr. Darrin cured her so she has never had any return of the symptoms. My daughter resides in West Salem, Oregon.
