

THE COLUMBIA
Disc Graphophone

THE TALKING MACHINE

A few years ago an awe-inspiring scientific mystery with which the public occasionally came in contact in exhibition halls, is now, in its best form, the Graphophone, a familiar object in thousands of homes. Unquestionably, the Graphophone is the richest contribution science has made to the entertainment and instruction of the world. The Graphophone is so free from mechanical intricacies that a moment's study suffices to master it. When the Graphophone's matchless powers of entertainment are considered, its value cannot be measured in money. There is no other machine or instrument that can be purchased at any price that will afford so varied and so delightful an entertainment.

If you are interested and want to know just how they will sound in your home let us know and we will give you a nice free entertainment at home.

A. J. GOODMAN, Mgr.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says, "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by Kirkland Drug Co. Every box warranted.
