## ONE LUNG

May be gone and yet the remaining lung will be amply sufficient to sustain a vigorous vitality. As a general thing few people make more use of both lungs than is equivalent to a healthy use of one lung.

These facts are all in the favor of the man or woman with weak lungs, even when disease has a strong grip on them.

Many a person living in health to-day has the lungs marked by the healed scars of disease.

Dr. Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate, deep-seated coughs, bronchitis, bleeding lungs and other conditions, which, if neglected or unskillfully treated, find a fatal termination in consumption.

"I had been troubled with lung disease and pleurisy for a number of years and the trouble had almost become chronic," writes A. S. Islam, of Howe, Ia.

"I had several kinds of medicine from different physicians without much benefit. At last wrote to Dr. R. V. Pierce and got his advice, and began using his 'Golden Medical Discovery.' I have used twenty-five bottles. When I commenced taking it I had no appetite, my system was completely run-down, had no ambition to do anything. Now I feel better than I did before I got sick. Have a good appetite and am able to do my work. I sincerely recommend Dr. Pierce's Golden Medical Discovery to all who are afflicted as I was."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

It is regretted by a number of men that an extra well trained hound was killed in the neighborhood by some party while a number of the neighbors were endeavoring to kill a coyote and it seems no more than just that some recompense should be made since the dog killed had to be paid for and at a cost of \$15. The parties hunting have killed 2 foxes near Antioch, also 2 near Mt. Piscah and their efforts were to save the sheep. D. M. Guthrie has promised to accept the price of the dog killed and will turn it over to the parties interested if those in the neighborhood are willing to help pay the expenses. The parties on the north side of the Antioch road are willing to help meet the cost of the animal killed if those on the south side will contribute to an appreciable extent.
