It is now time for one and all to begin and look after Christmas.

We just want you to call and see our new line. It is a big one for a small store to have, but it was bought at the right price and our customers get the benefit of the buy, not only in price but in assortment.

BOOKS

This year we have the finest line of books ever brought to the city. You will be unable to appreciate these fine volumes until you have called at our store and seen them. Something new in a lovely leather binding just out this season. Also a large variety of children's books. You should call and see them.

CELULOID GOODS

Here is a line for value that cannot be excelled in the valley. We were fortunate enough to go into a big house that wanted to close out their sample line and we bought the entire line at about 60 cents on the dollar, and we are going to use this as one of our big value leaders that you always find at our store.

Toys, Toys, Drums and Toys

Come in and see our nice line of mechanical toys; they will interest the old as well as the young. Engines that run, boats that run,

automobiles, etc., are among the boys presents. Our line of mechanical toys are much superior to any line that we have had the pleasure of inspecting so far. The prices on these goods have been placed at a low ebb to close out the entire line and have none left.

DOLLS! DOLLS!

Made of the very best material and at all prices. We have a number of kid dolls with movable limbs and closing eyes and of large size, too. Something exceptionally nice for the little girl's present.

Candies for Christmas

We would like to have you call and figure with us on candies of any grade or make. No difference we will furnish you the goods and save you money. Christmas candies for all and at all kinds of prices. Fine chocolates and taffies, always fresh, made of only the purest sugar and colorings.

FINE STATIONERY

What would make a more select gift than a box of our fine stationery? We have the swellest line ever brought to the city.

My Man in Deep Trouble.

Mr. Harrington, an old-time well-known resident of Falls, was arrested Friday, and was a hearing Saturday afternoon. It is alleged that Harrington personated a special timber agent and that he induced a number of holders of timber to relinquish to other parties whom he received a fee for influence in causing the removal. Witnesses declare they would go to claimants and have examined your improvements."

At the time he always was sure to be a purchaser who paid him for his influence. There is a feeling against the accused in City. United States District Attorney John Hall conducted prosecution. The complaint was by A. R. Green, special agent of the land office. Mr. Green was bound over in the

sum of \$1000 to appear before the U. S. grand jury.

A Timely Suggestion.

This is the season of the year when the prudent and careful house wife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt when it is kept at hand and is given as soon as the cold is contracted and before it has become settled in the system. In every instance a severe cold may be warned off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substances. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by Kirkland Drug Co.
