A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust backsmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50c at Kirkland Drug Co.'s.

Since school has closed and all public gatherings have been given up the responsibility of suppressing the danger of spreading diptheria rests with the parents. An action in time may save many lives and keep any new cases from breaking out. Keep the children at home for a few days.

Ashur, No. 179, 578, American Shorthorn Herd Book, Fee \$1, spot at Frank Butler's.

J. B. Teal has been sufficiently under the weather to cause him to keep his bed several days within the last ten days.

Considerable consternation was caused by the death of the infant son of Mr. and Mrs. E. J. Reynolds of diptheria Sunday evening, and the fact that the next older child, Merl, was sick with the same disease. The Reynolds home being a little out of town and only a few having been exposed before the nature of the disease was known it is hoped that the closing of school and the giving up of all public gatherings will check any spread of the danger. No other cases have made their appearance as yet. The child still sick is improving. Mr. and Mrs. Reynolds have the sincere sympathy of the community in their severe affliction.

## Rotary Disk Plow

The lightest draft plow in the world.

They are fast taking the place of mould-board plows. Every wish of the most critical plow man has been studied, and the result has been a plow which we confidently present as the BEST, in every particular, ever offered.

Sample can be seen at our store.
