Here we are the first of 1904, as we were of yore, writing items for the best county paper printed, THE ENTERPRISE, and we see no difference in the time. Time rolls on and waits for no one. Before we know it this year will be gone and with it many, perhaps, who read these lines will be gone also. And with the year that is gone, let by-gones be by-gones.

The Normal resumed its work

#### Saved From Terrible Death.

The family of M. L. Bobbitt of Bargerton, Tenn., saw her dying and was powerless to save her. The most and skillful remedy was used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. Kings New Discovery turned despair into joy. The first bottle brought immediate relief, and its continued use completely cured her. It's the most certain cure in the world for throat and lung troubles. Guaranteed Bottles 50c and \$1.00 Trial Bottles Free at A. S. Locke's Drug Store.

#### MAPLE GROVE.

Maple Grove was blessed with watch parties last Thursday night. W. C. Williams sent out written invitations to his friends, who assembled at the aforesaid place early in the evening, and spent a good part of the evening in playing "chair cushion." Then the tide was turned and crokinole and table croquet were indulged in for some time, after which other games were played.

On the same evening a watch party was given at J. Bagley's wherein quite a number participated in the pleasures of the evening. We cannot give the names of those present but several were in attendance from Independence, Airlie and Suver.

In this case as well as that at Mr. William's, the party held forth in the morning of January 1st to

give the young ladies the right to install officers for the coming leap year, which they have not enjoyed before for eight years. Now girls show your colors and let us hear from you.
