Normal School.

Chapel convened at the usual time on the Monday after the holiday recess. By far the greater part of the school were in their accustomed places, their faces and manners showing what home-going had done for them. And yet, there was not one present who did not feel the touch of sadness occasioned by the death of one of their number. When Mr. Ressler feelingly alluded to the passing of Miss Ferrie, this thought naturally came to all—to student and instructor alike—"Brave, cheerful, faithful."

Some time since the position of assistant critic in the Training school was offered to Miss Martha Whealdon, of The Dalles. We are glad to state that Miss Whealdon has decided to accept the offer and will enter upon her duties in about two weeks. She is a graduate of last June, and possesses the personality which will render her services as a teacher especially valuable.

Through the enterprise of Mr. Ressler the school, the town's people, and many from Independence enjoyed an excellent concert on Thursday evening. The Cosgrove Concert Orchestra furnished a meritorious and varied program of some fourteen numbers, exclusive of encores. While each selection had its good points, the violin solos by Miss Torgeson and the trombone solos by Mr. Hawkins deserve special mention.

The chapel talk on Tuesday was given by Mrs. Pennell. She took for her subject certain facts, customs, and beliefs of Modern Greece. The last rhetoricals haye included essays by Misses White and Rudy Reese, on Gypsies and The Buildings and Grounds of the St. Louis Fair.

A few weeks ago a Physicial Club was organized under the direction of Mr. Robinson, for the purpose of increasing the interest in this science and enabling the students to become more familar with the fundamental principles. The interest shown and the success of the meetings are especially gratifying. The clear and thoughtful demonstrations of experiments, that have been given by members of the club have reflected credit on both the student and instructor, Mr. Robinson. The program of the meeting Thursday January 7th, was as follows: "The making of the Thermometer," Mr. Buel; "A Brief Discription of Six Methods of Finding Specific Gravity," Miss Ruth Cooper; "The Steam Engine," Mr. Robinson.

The three Societes of the school held a joint session on Friday evening, when the following program was given: Recitation, Miss Pitney; Reading of Paper, Miss Kienow; Extemporaneous Speech, Mr. Murdock; Violin Solo, Mr. Pettys; Song, Quartette. At the close of these exercises some fifty assembled in the gymnasium, where a ping-pong party, under the management of the Ladies' Athletic Association, was much enjoyed.

The sympathy of the students and instructors in both the Normal and Training school is extended to Mr. and Mrs. Rice, in their recent bereavment.

The first installment of the books for the library has been received. This includes Roosevelt's entire works in fifteen volumes,— Thackeray in thirteen and Clark and Wright's Shakespere in fourteen. The American Men of Letters and American Statesmen Series, as far as published. The valuable work on The Intelligent Development of Europe, by John W. Draper. and The Report of the Addresses and Proceedings of the National Teachers Association for 1903. Besides these, various works of recent fiction have come. Some thirty weeklies and dailies may be found on file in the library, among them, the Oregonian, Statesmen, Oregon Journal and Pendleton Tribune.

Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."
D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take.

It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Three sizes: 25c., 50c., $1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.
