The correspondents generally have exercised vigilance in keeping up the news of their respective localities and are to be commended for it. The readers of the paper appreciate the legitimate, unbiased news from over the county; the proprietor of this paper appreciates it, and the communities owe gratitude and co-operation to the correspondent that constantly keeps his or her locality before the public in the proper light.

The prizes in the contest just closed are awarded ungrudgingly, and a contest, differing somewhat from the last, is announced for the near future.

"INJUN EVENING"

Ladies of Lewis and Clark Club Score Success in a Novel Entertainment at Opera House.

"Injun Evening" under the auspices of the Ladies' Lewis and Clark Club, of Independence was a delightful affair witnessed by a large audience at the opera house Saturday evening.

The entertainment was opened with a Hiawatha piano solo by Master Johnnie Stark, followed by an introductory address by Rev. Thompson of the Presbyterian church. The "Wooing of Hiawatha" was delivered by Miss Burke and "Laughing Water," prettily rendered as a solo, by Miss Inez Stark.

The male quartet consisting of Frank Masterson, Wm. Barnett, Wm. Walker and Mr. Burton made a hit in the rendition of the Indian song "Sohalla Close Illehee."

Miss Sadie Cravens singing of "Ramona" brought an encore and her rendition of "The Owl and the Moon" was no less pleasing. Miss Burton held the undivided attention of the audience with the recitation of "Sacajawea" and Mrs. E. E. Paddock was called back, after singing "Sacajawea's Lullaby."

"Ten Little Injuns" dressed as Siwash convulsed the audience with laughter with their singing and comical maneuvers and had to respond to an encore. Those composing the juvenile tribe were: Dick Babbitt, Ted Cooper, Johnnie Stark, Charlie Burton, Edward Hartman, Kersey Eldridge, Maurice Butler, Lee Fluke, Jerome Reese, Olin Whiteaker and Johnnie Morgan. Mrs. J. S. Cooper presided as master of ceremonies.

After the literary feature, refreshments were served by Indian maidens. The characters were all made up as Indians, and the novelty of giving an Indian cast to the exercises proved a happy selection on the part of the ladies' of the club.

A class of eighteen will be graduated, several of whom have already secured excellent positions.

The number of practice teachers next semester will be unusually large, some thirty students being ready for this training.

A most interesting display of basketry was recently made in the reception room of the Training School. Many pieces were shown in the different stages of construction, and many completed baskets in various designs.

Miss Loretta Smith spent a profitable day at the institute at Falls City on January 23rd.

Mr. Buckham was necessarily absent from some of his classes last week owing to a slight attack of grip.

The local tryout took place last Friday evening. Creditable orations were delivered by Messrs. Petteys and Wiest, and Misses Thiessen, Virginia Owen and Edith Owen. The Judges accorded the first place to Miss Edith Owen, the second, to Mr. Petteys.

At the time of this writing little is heard in the recitation rooms save an occasional rustling of paper, and the faint sound of the pen hastily dipped into the ink. The mid-year examinations are in progress, and each face is earnestly thoughtful; students and instructors are alike intent upon the work in hand. Friday will find the last papers written and the strain of a trying week well over.
