Who's the Girl?

The little boat built to ply between Independence and Salem is so near completion that the matter of christening is under consideration. The name of the little water craft has been decided upon but the question of formally christening is by no means determined. A lady or girl of course, will officiate, but who's the girl? There's the rub. The best looking or most popular girl in the county would be the proper one for this duty, but then Polk county has so many in that class. The difficult feature of building and launching a boat is now up to Mr. Skinner and he will have to decide soon.
