## THE DALLAS VOTE

College Commencement Next Week. Dan Poling will Graduate.

Marriage Licenses Issued and Probate Matters at the County Seat.

The result of the vote last Monday was a surprise to a great many here. Never before in years had so much interest been taken in an election, and leaders on both sides worked hard for their respective tickets. Dallas people generally expected to see Mr. Dalton and Mr. Myers re-elected. The result of the vote with reference to these men shows that the voters of Polk county will not stand for the third term proposition. No better or more capable officials than Dalton or Myers are to be found, and Dallas gave them a handsome vote, but the people will not stand for the third term, and that prejudice in Polk county will not be easily overcome.

PARKER.

Miss Marguerite Kerr was married to Edward J. Steele at the home of the bride's mother, Mrs. Mary Kerr at noon Monday, June 1. Rev. F. C. Thompson performed the ceremony while the bridal couple stood under a white wedding bell trimmed in orange blossoms and calla lilies. The room was tastefully decorated with roses, ferns and Oregon grape leaves which were arranged in long sprays. Miss Velena Fuqua played the wedding march. The bride was attired in a white mousseline de soie trimmed with satin ribbon and Valenciennes lace, and carried a bouquet of bridal roses. Miss Laura Critchlow caught the bride's bouquet. An elegant wedding dinner was served. Following dinner and congratulations the wedded couple left for The Dalles to spend their honeymoon. Upon their return in a few weeks they will be at home to their friends on a farm near Suver. A large crowd attended the picnic at Ridder's Grove Saturday and a number stayed to enjoy the social dance given in the evening.

As to Normal Teachers.

N. J. Dozier of Ashland has asked Governor Chamberlain whether a Board of Directors of a school district of the second or third class can be authorized by a majority of the legal voters of the district to contract with the management of a Normal School to furnish teachers for the district school from among the teachers in attendance to teach the children of the district, even though such students may not have passed the regular teachers' examination provided by law and licensed to teach. The Governor submitted the question to the attorney general and that official is of the opinion that such an arrangement would not be according to law in that teachers must be employed by school boards. This is one of their duties. He also cites that such such boards may authorize the drawing of warrants in payment of teachers' salaries, provided that all such teachers must hold legal certificates and that such certificates must cover the entire time of the teacher's service taught. Such certificate can neither directly nor indirectly be made to legalize another teacher's service.

If a teacher, who holds a certificate, is permitted to send a teacher, who does not hold a certificate, to do the teaching, then the certificate is made to legalize another teacher's service.

At the monmouth State Normal students of the college teach pupils of the public school district, but the arrangement is not such as outlined by Mr. Dozier. The Monmouth Public School Board employs its licensed teachers and these teachers use students of the Normal as assistants, the Normal students teaching without any pay whatever.
