FOR PRESIDENT

Theodore Roosevelt, of New York.

FOR VICE-PRESIDENT

Chas. W. Fairbanks, of Indiana.

FOR PRESIDENTIAL ELECTORS

J. N. Hart, of Polk County.

G. E. Dimmick, of Clackamas County.

A. C. Hough, of Josephine County.

E. A. Fee, of Umatilla County.

Senator Fairbanks and Dolliver spoke to an audience of nearly 5,000 people in the armory at Portland Saturday night. The enthusiasm with which they were greeted is a pretty good indication of how the vote for president will go next month. Mr. Fairbanks is not the kind of a speaker that sways an audience with eloquence. He deals in facts and his speech is ready for print without correction just as delivered. He tells no stories. That a continuation of the policies of the present administration is for the best interests of the American people, is his conviction and his hearers are made to realize it. The tariff, "imperialism" the Panama canal as presented by Mr. Fairbanks, received applause that indicated beyond peradventure of doubt that the masses approve of the Republican party on these questions. Mr. Dolliver entertained Saturday nights crowd a short while, but he appeared under the disadvantage of a husky voice and sore throat. Mr. Dolliver, as said by Senator Mitchell, is one of the ablest political debaters in the Republican party and he commands large audiences wherever he goes. Obligated to rest from speaking a few days, he stopped off in Portland and Senator C. W. Fulton took his place as speaking mate for Mr. Fairbanks. Senator Fulton, a few years ago was a public school teacher in Oregon. Later, his attention was given to making his way as a lawyer down at Astoria. He has not had the experience dealing with national questions nor the advantage of association with national men that Senators Dolliver and Fairbanks have. He is only a new senator, but he commands the respect of his colleagues in the United States senate and it is a testimonial to his ability, that he was invited to fill the place of Mr. Dolliver at the side of Mr. Fairbanks. Together, they speak in San Francisco and go thence east to Denver. Senator Dolliver put in Sunday viewing the exposition grounds and buildings at Portland and also left for Denver to rejoin Senators Fairbanks and Fulton.

C. A. Johns has been nominated for mayor of Baker City. Referring to his selection the Baker City Democrat says: "It was decided finally to nominate Hon. C. A. Johns, one of the leading attorneys of this city for years, a taxpayer and careful business man. At the present juncture in the history of Baker City a strong man is needed for mayor to carry on the work now well in hand by the present administration, and to meet the emergencies sure to rise during the rapid growth this city will take on in the next two or three years. Mr. Johns seems to be the right man for the place. He is a thoroughly equipped lawyer, a gentleman of good education, firm and has at heart the true interests of Baker City and all his fellow citizens. He will make a splendid mayor." Mr. Johns was originally a citizen of this county. On material for mayors, fine goats blooded sheep and hogs, Polk can't be beat.

**The Pessimist.**

Nothing to do but work,  
Nothing to eat but food,  
Nothing to wear but clothes  
To keep one from going nude.  
Nothing to breathe but air—  
Quick as a flash 'tis gone;  
Nowhere to fall but off,  
Nowhere to stand but on.  
Nothing to comb but hair,  
Nowhere to sleep but in bed,  
Nothing to weep but tears,  
Nothing to bury but dead.  
Nothing to sing but songs,  
Ah, well, alas! alack!  
Nowhere to go but out,  
Nowhere to come but back.  
Nothing to see but sights,  
Nothing to quench but thirst.  
Nothing to have but what we've got;  
Thus through life we are cursed.  
Nothing to strike but a gait,  
Everything moves that goes;  
Nothing at all but common sense  
Can ever withstand these woes.

The Brownsville Times says of the hop situation at that point: Several sales of hops were effected in this city the first of the week, and as high as 26 cents were paid. The product is now practically out of the hands of Brownsville growers, and those who did not contract are wearing great holes in their pockets, and those who did contract are wearing long faces.  
Wm. Milligan disposed of his crop several days since, realizing 24 cents per pound. Hansman & McCain sold 111 bales this week at 25 cents, they having previously contracted 10,000 pounds at 17 cents. Louie Bong, who had the Gentry yard rented, sold his crop of 170 bales for 26 cents per pound, which is the top price realized by Brownsville growers. B. W. Cushman also disposed of his crop at 25 cents as did also J. B. Henderson. Kola Neis, of Albany, was the purchaser in each instance.  
The hop crop has been harvested in excellent condition and has added materially to the circulating medium in these parts.  
The engine and machinery for the new launch, "Independence" has been received and put in place. A trial trip was made Saturday and another Sunday. Some work is yet necessary in adjusting the engine in place, after which Captain Skinner is confident the "In-

**Home Testimony.**

Corvallis Times.  
Dr. Darrin, the truly eminent physician and specialist, whose offices are located in the new Hotel Corvallis, in this city, for about a month, is now ready to attend to patients afflicted or suffering from any spinal disease. The numberless testimonials which he bears from all parts of Oregon aside from the great number which he has published in the "Times" during the past year is wholly sufficient to convince this community or any other, that his ability in his profession ranks very high. The cures in which he has been successful by his treatment with electricity and medicine, having been astonishing.  
The following testimonial is from one whose truth and veracity has never been questioned in this city for the 14 years he has been among you and is therefore an unimpeachable testimonial. We refer to James F. Durham, of the "Times" office. He says:  
JAMES E. DURHAM'S CARD.  
"For a long time prior to going under Dr. Darrin's treatment, one

with rheumatism and kidney trouble. It was almost impossible to walk. During Dr. Darrin's last visit, I took his electrical and medical treatment and after a few weeks my rheumatism and kidney trouble was a thing of the past. Furthermore, I will state that I was frequently sorely attacked with cramps in my feet, ankles and the calves of my legs with such force, that I was obliged to jump out of bed many times, and so hard were the attacks that they would leave the affected spots quite sore for more than a day. I have not experienced even one such affliction since I placed myself under Dr. Darrin's electrical treatment. He who is afflicted with the same ailments will miss it if he fails to place himself under the doctors treatment during his stay here in Corvallis. I recommend the doctor with full confidence to all afflicted. His offices are at Hotel Corvallis. I am connected with the Corvallis Times and can be found there any time by any one who would like to hear a verification of this testimony by word of mouth or by letter.  
JAMES E. DURHAM,
