Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted colds which speedily developed into the worst kind of a grippe with all its miserable symptoms," says Mr. J. S. Eggeston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by P. M. Kirkland, the druggist.
