Polk county asks for no of fees for its delegation in the legislature. It asks for no appropriation for military companies; no bounties for coyote scalps; no fish hatcheries, no portage roads; no appropriation for National, State, District or County Fairs located within its borders. All Polk asks worth mentioning is that the appropriation for the mother Normal State School located at Mouth, be not niggardly.

The Oregonian put on a New Year's edition that reflects the resources of the Northwest in an attractive way and it is one of the best advertisements of Oregon and the Lewis and Clark country generally that has ever been put out. The Salem Statesman also put out an attractive number this year and is a most excellent advertisement of the Willamette valley. The Eugene Register is another paper that showed the enterprise to get up a creditable New Year's number.

A reasonable amount of fleas is good for a dog. It reminds him that he is a dog. The annual receipt of garden seed is supposed to be good for the country editor. It rubs it in on him that he is a country editor. This office acknowledges a liberal supply of congressional generosity put up in neat packages and dealt out by the bag full. Anyone desiring government seeds, please rush to our rescue.

Never mind, Salem. Let Dallas claim the honor of being the home of the goat. When the final day comes and there is choosing between the sheep and the goats, then you will be strictly in it.—Eugene Register. That is right. We are all wool and a yard wide here.—Statesman.

And therefore you get fleeced once a year.

The legislative committee of the Oregon Dairyman's Association has decided to license dairies charging them \$2.50 a year for a certificate of cleanliness. The standard of milk is also to be raised to contain 3.2 per cent butter fat instead of 3 per cent.

While doing a good turn for the west bound immigrants by cutting the rates in two, the Harriman people may as well go a step further and direct them to check through to Polk county, Oregon.

Senator Rand of Baker county will introduce a bill to divide the Ninth judicial district making two districts of the one. Governor Chamberlain would probably not object to such a law. He would get to appoint the new judge.

Well, don't care if I do. I'm on the irrigating committee—Henry Ankeny.

If any aspirant for road supervisor in Polk county got left, there are vacancies in 11-7.

Hon. Frank Butler, as district organizer is stirring up interest in the grange in Polk county. It's a good order. Everyone interested in farming, directly or indirectly, should lend their support.

Clean off the mud once in a while. That is all our streets need.—Correspondence Salem Journal.

That's what Independence's streets get.

Those good roads reformers that were going to build turnpikes all over Oregon with convicts, are taking a vacation.

Independence has clean streets. Vigorous exercise of the scraper and hoe did the work.

Lest we forget—Credfield, I is in the penitentiary at Salem.

If the old adage about the first three days bring a criterion for the first three months is true, we will have plenty of spring weather. The first day it rained, representing January. February's day opened quite springlike, with a few rainclouds blowing in from the west in the afternoon. March opened up clear and warm, and the day was a typical one for the month which it was supposed to represent. Roses are blooming profusely in the gardens all over town, and the sweet pea vines have taken a new start and are climbing all over the fences, a mass of bright green. All vegetation is giving notice that if some winter weather does not appear pretty soon, it need not apply for recognition.—McMinnville News Reporter.

The United States buys more diamonds than any other nation of the world.

Rev. Carlisle P. B. Martin, L. L. D. Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by A. S. Locke.

Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by P. M. Kirkland, the druggist.

Contracted Chronic Diarrhoea While in the Philippines.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."
—Herman Stein, 212 N. Union Ave., Pueblo, Colorado. For sale by P. M. Kirkland the druggist.

Cured His Mother of Rheumatism
"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by P. M. Kirkland the druggist.
